Mrs. A. G. Sweet performed almost a miracle at the Central Hotel last Saturday. About eleven o'clock the foreman of the gang of snow shovelers from the Aurora shops phoned and wanted dinners for fifty men. At first thought they were refused but upon considering the proposition at the earnest plea of the foreman, Mrs. Sweet consented to try and fix them up "a bite." At 12:30 the hungry gang was seated at tables and devouring the appetizing luncheon. An effort was made to get the men back to Aurora in the afternoon, but as the road was still blocked this was impossible and Mrs. Sweet had another call in the evening to feed the gang. Again the almost impossible was undertaken and carried through to a success and the many thanks of the men for the good fare is still ringing in the ears of the Central's force.

WOMEN'S CLUBS OF STATE ARE GETTING BUSY

Following Letter Written by State President to All Affiliated Clubs.

My Dear Club President:

The opportunities and privileges for the women of the state to serve are greater today than ever before. Most of us are already engaged in some form of Red Cross and War Relief work. With the different cantonments and encampments in the State of Illinois, there are many ways of cooperating in looking after the comforts and necessities of the boys who are sacrificing themselves for us. Surely there is no work more appealing to us, who are the mothers, wives and sisters of these boys, than to assist the different organizations which are caring for the men stationed in our state.

At the Great Lakes Training Station are approximately 20,000 sailors who during their time off naturally gravitate to Waukegan. The problems which arise from this great influx of jackies are numerous, and the citizens of Waukegan are meeting them valiantly. Yet it is impossible for them to accomplish all that is desired without outside help. The local Y. M. C. A. is literally swamped, and the regular work is being set aside for that of caring for the sailor boys. The Tenth District of the Illinois Federation made an investigation of conditions there and realized that the women of the state had their opportunity right here to help in this work. The matter was taken to the state board of the I. F. W. C., and the directors authorized the appointment of a committee to investigate further, not only at Waukegan but at Rockford and the other encampments in the state, and to report at the State Federation meeting in November. The result of this investigation and the recommendations which were adopted by the Federation, you know. A special committee has been appointed for War Service or Emergency work, and it is for this work the contributions from the clubs are asked.

At Rockford the greatest need for assistance seemed evident. In the city itself there is no local Y. M. C. A., no place of that kind where the men can go when they visit the city during their time off. The churches are responding to the need, but they can reach but a limited number. There is also a center for soldiers of Jewish faith. The great need is for a club room for all selected men.

To meet this want, under our State Federation, a spacious and most inviting club room has been fitted out and opened for the private at the camp near Rockford. The club is in the heart of the city, directly on the line of march to and from Camp Grant, most convenient for the men. It is a place where the soldiers can go, as one man expressed it, "where they can sit down and not have to pay for the seat." There are comfortable couches and chairs, tables for the books and magazines, tables for games, two book cases which will be kept filled with books, with no expense to the State Federation, a long writing table where paper and envelopes will be supplied; rugs make the place homelike, and the room is most attractive. A victrola has been given, also a piano loaned, so the men can enjoy playing both. Across the rear of the room is a spacious balcony with a kitchenette, and we plan to serve light refreshments at nominal prices. It is desired that any club women visiting Rockford shall make it a point to see the soldiers' club room, situated at 107 West State Street.

The smaller stations in the state are being studied to find out the needs and ways in which the women of the state can be of definite help, and the committee will plan the work according to the financial response of the club women.

The small sum of twenty-five cents is asked from each club woman, the sum in itself could not accomplish much, but the aggregate can work wonders for our noble boys. Will you not do your part by urging your club to assist in this work and thus make possible the carrying out of the plans of your committee?

The women in the State Federation of Texas have raised \$11,000 to spend in ways similar to our own to bring comfort and cheer to our boys there. They plan to make the amount \$50,000.00. Cannot we make our fund at least \$15,000.00? There is work to be done for the girls and women in the cities near the encampments in the state. If we have the money, the work can be accomplished.

The President of the General Federation, Mrs. Josiah Evans Cowles, hearing of the action taken at our Federation meeting creating the committee for war work, and of the plans proposed, wrote Mrs. Pimmer of her delight and approval that this was to be a part of our state work during the period of the war.

The members of the War Service Committee are: Mrs. H. Stanton Bur-

pee, 807 N. Court St., Rockford; Mrs. T. B. Stewart, Aurora; Mrs. W. G. Strong, Waukegan; Mrs. Moses L. Purvin, 4019 Lake Park ave., Chicago; Mrs. J. M. Wenger, Cairo; Mrs. Mary Bussey, Champaign and Mrs. Charles E. Clifton, 881 Ingleside Park, Evanston, chairman. All contributions should be sent to the state treasurer, Mrs. Frederic W. Bloch, 822 Buena ave., Chicago.

We shall be glad of suggestions and information along our line of work, and we ask the hearty co-operation of all the club women of the state. May you show your enthusiasm, loyalty and patriotism by a prompt and generous response to the action of the Federation. In contributing to this cause you put just that much extra strength behind our fighting men. Let us give them every prop possible on this side of the Atlantic as well as across the water!

Miss Jessie I. Spafford. This is the first call for assistance from the State Federation. It is desired that the members of the Downers Grove Women's Club remit promptly to Mrs. Victor Peterson, treasurer.

Local Notes. The meeting of the Woman's Club on Wednesday, the 16th was one of exceptional merit. Miss Marion Lower gave a piano solo entitled "Spring Night" by Shumann. Miss Agnes Fromen's lecture "Sculpture in the Making" with demonstrations of clay modeling and plaster cast, was most interesting, instructive and entertaining.

The next meeting of the club will be held January 30th. The program will be in charge of resident clergymen's wives. This will be an open meeting and an invitation is extended to all members and friends of the Club.

CASS PERSONALS

Chas. Hawkins, Correspondent.

Wm. Mochel is entertaining his cousin, Elmer Klein, of Welton, Minn., this week.

Joe Batterham motored to Hinsdale on a business trip Tuesday.

Ernest Reddichs took a sleigh load of fine dressed hogs to Hinsdale on Wednesday.

Chas. Oldfield is serving on the grand jury at Wheaton this week.

Ben Loundsbury took a sleighload of neighbors to Downers Grove shopping Tuesday.

Ira Heardt spent several days in Chicago during the storm waiting for a train to bring him home.

Cass is snowed in proper; we have not seen Uncle Sam with his mail wagon since Saturday, Jan. 18th, and do not expect him until next week.

John Heardt had an exciting time getting home from the Grove Friday night; the new snow filled the road and in places was so deep that his horses went down several times and he had to send for another team in order to get home.

It would be wise for Cass people to save up their tin cans and bottles, we have a hunch something is going to happen in the near future.
