## NOTES OF THE WOMANS CLUB

It is a long cry from the Library Hall of Downers Grove to the plowed fields and heather clad hillsides of Ayrshire, but more than two hundred persons here were transported mentally, at least, to the distant Scottish scenes last Wednesday afternoon as they listened to the lecture of Dr. Rhys R. Lloyd of Chicago, on "Out of Doors With Bobbie Burns," at the February meeting of the Downers Grove Womans Club.

It was not only an illuminating review of some of the episodes of the life of the minstrel of Ayr but was a sympathetic exposition of the poetry of the northern bard from one who like him loved the out of doors and could see and grasp the point of view of the poet to whom every homely incident of every day life was ground-work for a fragment of verse.

As the lecturer spoke of Burns' lines "To a Mountain Daisy" uprooted by the cruel plow the tiny "scarlet tipped" flower wrenched from its sheltered nook and cast beneath the share, was all but visible to his auditors.

Equally vivid was his rendition of the panic of the cowering timorous beastie" as Rob of Scotland called the field mouse which he disturbed with murderous spade.

The lecture throughout was marked by clear explanation of the Scottish dialect to ordinary ears so "fearfully and wonderfully made," and yet the translation was not forced nor did it detract from the vigor of the idiom employed by the poet.

Among the audience were pupils of the High school, as well as guests from near by towns.

Dr. Lloyd is well fitted by temperament and education to tell of Burns and certainly the sturdy Scott who loved every one except hypocrites and landlords could not have a more kindly commentator.

The Civic and Philanthropy department will have an all day meeting at Library Hall Feb. 27. The day will be given to sewing for the Red Cross.

On Feb. 20, from 2:30 to 5 o'clock Mrs. Jonas R. Foster President of the Womans' Club, will give a "Pioneer Tea" at her home on East Curtis St. Members of the Womans' club and friends are cordially invited. A silver offering will be received.

The basket ball teams expect to put in some hard work, and possibly play some public games before the end of the season.

### LISLE CONGREGATIONAL CHURCH NOTES

**LISLE**  
 Bible school 10 a. m.  
 Morning worship 11 a. m.  
 There has been a good attendance at the morning service the past two Sabbaths in spite of the bad roads.

Miss Margaret and Mr. Ross Rogers who are attending Wisconsin U, spent several days this week at Warwood Farm.

Julia Vermaat is enjoying a week vacation at her home.

Rev. W. N. Beasey and daughter Ruth visited Mr. and Mrs. H. Hatch and family Sunday.

Jas. Barnacle took a pleasure trip to Chicago Monday.

The many friends of Lester C. Rogers, son of W. A. Rogers of Warwood Farm, will be pleased to know of his record in the psychological test given recently at Camp Grant. "He made the remarkable score of 395 points out of a possible 410. His record has been equalled by but one other man in the thousands examined since the system was inaugurated by the war department."—Chicago Tribune, Feb. 4.

Mr. Fred Goodrich one of the oldest settlers of Lisle passed away at his home at ten o'clock Monday morning. The funeral services were held at the Episcopal church at Naperville Wednesday afternoon. His departure is mourned by his beloved widow, his son Collins, a daughter-in-law and a host of neighbors and friends. His whole hearted smile and ready wit will be surely missed by all those with whom he came in touch.

### WESTERN NEWS

Logan Stanley has given up his position to enlist in the naval reserve forces. He goes to San Pedro, Cal., the middle of this month.

Mrs. W. S. Carpenter, Miss Nellie Carpenter and Mrs. W. N. Fry lunched together recently in San Francisco and later attended a matinee.

Miss Carpenter received a letter from Myron Towley, somewhere in France, acknowledging a box of Christmas gifts sent to him and other boys in the Downers Grove contingent. He reported the other local boys as ill and in quarantine. His letter was dated Dec. 19, and it is likely the other fellows have recovered their health by this time.

Mrs. J. B. Huling and daughter Margaret reached Los Angeles in time to enjoy the Pasadena Tournament of Roses in company with Mr. and Mrs. John E. Huling. Mrs. Huling has had the pleasure of renewing acquaintance with the Davies, Gumbrell and Alford families. Miss Margaret has entered high school and they are located in a cozy apartment near the home of Mrs. Huling's son.

Weather conditions have been greatly reversed this winter and California is experiencing one of the mildest seasons on record, due to little rain. The Middle West and other parts of the country have monopolized the cold and snow to such an extent that there is little of the latter on the Sierras and many rivers are lower than ever known at this time of the year. The coal shortage hasn't affected this part of the globe very much, to date, but there will be a crop shortage if Jupiter Pluvius doesn't remember us in his good will pretty soon.

### SNOW GOING FAST UNDER WARM SUN

The snow fall of January is fast disappearing under the magic of the warm sunshine. The drifts which were piled up to four and five foot heights in the surrounding country are now only a foot or so deep.

The rain of Monday night settled the snow banks a foot or more and Downers Grove storm sewers stood the test. There has not been a case of flooded cellars reported yet from backed up sewers.

More sleighing has been done this winter than for the last three or four put together. Runners will now be replaced by wheels as the snow in town is practically gone. The country roads are so soft farmers have a hard time bringing milk to town.
