Protect Your Complexion from the Wintry Blasts

On a cold, raw day your skin burns and chafes alternately. If not properly taken care of, it roughens up so that you have to be ashamed of it, and often causes you intense pain.

A simple application of the standard complexion remedies and toilet necessities that we carry will eliminate such a possibility.

We have all the well-known brands, but if we haven't the particular one you want, we'll get it for you.

Under authority contained in telegram from the War Department, a board of officers, of which Captain M. L. Puffer, Medical Reserve Corps, is a member, is appointed to meet at Fort Banks, Mass., at the call of the president, thereof, for the examination of such applicants for the appointment as chaplain as may be authorized to appear before it.

Lieut. I. Haebich, formerly Principal of our High School, paid a pleasant visit to the school Monday afternoon. He gave an interesting talk to the high school assembly students on some lessons and experiences in Camp Life. In the evening a dinner was served in his honor in the Domestic Science room by the high school faculty. Mr. Haebich looks well and is enjoying his military work.

Bobby Wander entertained several of his little friends at a birthday party Wednesday afternoon. All the usual fixings of a children's party including a birthday party with six candles, delighted the hearts of the little ones. Those present were, John Marchand, Frank and William Wander, Raymond Clark, George Ralston, Kenneth Sherman, Leath Tapley, and Dorothy and Ruth Dailey.

The great Thrift week canvass in our schools was very encouraging. The boys and girls are very eager to do all they can to help in the great movement. We have to date 214 boys and girls who have purchased thrift cards and war stamps. There is no better way to teach practical patriotism and systematic saving among our boys and girls, than in the purchase of War Saving Stamps.

Mrs. Helen F. Duthie was very pleasantly surprised at her home on East Curtiss street on last Thursday evening, the occasion being her birthday. The early part of the evening was spent playing games and just before the "invaders" invited Mrs. Duthie to a generous spread, which they had brought with them, they showered her with many pretty and useful gifts, as tokens of the high esteem in which they hold her friendship. At a late hour the ladies departed wishing Mrs. Duthie many more happy birthdays. Those participating in the jollification were; Mesdames, M. McKenzie, F. F. Chessman, I. N. Addis, G. Havlik, Geo. Hillard, W. W. Henderson, R. C. Cooper, Arthur Chessman, M. A. Sullivan, Miss Helen Chessman and Mr. John Duthie.

NOTES OF COMPANY C, 342ND. INFT.

Doings of DuPage County Boys now Training at Camp Grant, Get Ready to Lick Kaiser

Pvt. "Steve" Sacksteder of Downers Grove, Ill., appeared at mess after his furlough with those beautiful blond locks missing. Instead he is equipped with a Joliet trim.

Naperville, Illinois was taken by storm when a troupe from this company presented "Camp Grant Days" at the High School Auditorium. The reserve militia turned out and the house was packed. The personnel of the troupe was as follows: Sergeants: Winfred Knoch, Naperville; Robert Dickson, Downers Grove. Corporal: Warren Vining, Wheaton; Privates: Harry Larson, Wheaton, William Denning, Chicago; Rodney Gray, Elmhurst, Harry Klingbeil, Naperville, William Gleisemann, Hinsdale and Paul A. Lambrecht, Naperville.

Directed by K. M. Dodson, 2nd. Lieut. U. S. R.

Sergeant Robert Dickson of Downers Grove has been appointed to take over the duties of acting first sergeant.

Mess Sergeant Pierce Vandereock, now attending the Third Officers Training Camp paid a visit and reports all kinds of excitement. As Van says: "One day a fellow is on kitchen police and the next he acts in the capacity of Major."

One of the striking features of the company and one which we claim to be the best in the Regiment is the supply department of the company. There curtains on the windows and instead of issuing supplies thru the door a dispensing window was installed. The credit for the arrangement and orderliness of the branch is due to Serg. Albert Morgan of Naperville. Samuel Gregory of West Chicago has been appointed one of our company mechanics. His experience ranges from safety pins to automobiles.

Sergeant Bente, of Lombard, is a popular fellow. A minister from Appleton, Wisconsin wants to adopt him and several of the fair sex of that city have taken a personal interest in him.

If a book on how to feed a company were published by Corporal Porter of Wheaton, Possibly a few of the kicks could be adjusted.

Serg. C. A. Ashley and Frank S. Colles both of Naperville dropped in on us and entertained the boys with accounts of the humorous happenings at "The Third Officers Training Camp." Serg. Ashley reports four inches more of girth gone.

RECREATION FUND HELP ASKED OF US

In its effort to aid the boys in training for the Army and Navy of the United States, the State Council of Defense have authorized a collection of a war camp recreation fund to supplement what is being done in the camps.

The purpose of this fund to provide a wholesome and pleasant environment for the camps of the country so that enlisted men will find clean entertainment within easy reach. The DuPage Council of Defense has joined in the above movement and this week every community in the County is being asked to help. The quota assigned to Downers Grove is \$350.00.

The Community League is the medium selected to receive the money and a committee will canvass the town.

The spirit of this movement is sane and virile. It has the approval of the Government and should receive generous backing.

WE BELIEVE THAT

spending money at home—to maintain and develop the home markets—means better and more prosperous communities in Illinois, and that full co-operation on the part of retail merchants, local newspapers, townspeople and farmers is essential to community development.

The local merchant is a necessary and important factor in community life. The farmer fares better the closer he co-operates with the local merchant. Both should progress together.

The local newspaper is a mighty factor in Community Development and deserves the support of business men, townspeople and farmers.

WE ARE FOR the Home Town, Home Trade, Home Merchant and the Community 'round about the Home Town.

The spirit the fraternizes, that boosts, and that helps one another.

Useful Invention.

A recent invention enables a person to take a steam or hot air bath at home, a hood fitting over one end of a bath tub confining the vapor from the regular hot water supply.—Houston Post.

BREAD CRUMBS AND GREASE SPOTS

Conservation talks by Mrs. T. H. Slusser and War time receipts by Mrs. E. G. Lemon.

All of the following rice receipts are original and have been thoroughly tested.

Rice with Minced Clams
Take 1 can of minced clams, add 1-3 cup of milk; lump of butter sub. dash of red pepper and salt to taste; heat to boiling point, cream with a little flour well blended in milk. Have two slices of bacon cut in small pieces and fried brown. Take two cups of hot cooked rice, put on a hot platter, pour bacon fat over rice, then pour over the creamed clams. Last of all scatter the bits of bacon. This is an original dish and very nice.

Rice and Corn Meal Muffins
1 well beaten egg, 1 teaspoon salt, 2 tablespoons melted fat, 1 tablespoon sugar, 2-3 cup sweet milk, 1 teaspoon baking powder, ½ cup corn meal, ½ cup cooked rice, 1-3 cup flour. Bake in muffin pans, serve with cane syrup. Original.

Rice Pancakes—Original
To 2 well beaten eggs add ½ cup milk, 1 tablespoon corn starch and ½ teaspoon baking powder, salt and pepper. Beat all together, have a well greased skillet very hot, pour in the mixture, spread 1 cup of cooked rice on top. Add a little minced ham if you like. Let brown then turn and brown the other side; spread with jelly and serve very hot.

Wall Street Journal, Feb. 8, '18. Our barley crop of 209,000,000 bushels bids fair to become an important substitute for wheat. The prospect has something to do with price which at Chicago ranges above \$1.62. The farm price on December 1 averaged \$1.137, compared with \$0.58, the average of the five years ending with 1915.

Barley has been a food grain from time immemorial, but in this country there have been no mills specially designed for flouring it; therefore, its use has been confined to malting and stock-feed. In the past months, however, millers, particularly those of Minneapolis, have been making experiments, and expect soon to be able to put barley flour on the market. The Century Co. is mentioned as having purchased a mill which it will convert to that use. Toledo also, is now grinding barley. Manufacturers of milling machinery say that it is comparatively easy to change over a rye to a barley mill, and such changes are being made throughout the country, in anticipation of an order from the Food Administration that a certain proportion of barley be ground into flour.

"In most of the spring wheat sections, snow and cold together contribute towards the supply of moisture for next spring. Some of the principal corn states also are receiving a part of their supply in this way. Crops cannot be carried through to harvest on this supply alone, but it is an important factor in the early supply.

Whenever we feel impatient at the biting cold, we might remember that the insect enemies of the crops also find it uncomfortable, and because of it will not make a drive on our growing food supplies next summer. It is uncomfortable when there is no let-up in the cold, but this also keeps back the fruit buds. Should this continued cold keep up till near spring, it would be Nature's first step in helping our orchards.

As between cold and famine, it seems as if we should be thankful for the severe winter, for in it is the unfolding of the promise that while the earth remains seed time and harvest shall not cease.

At the school of Domestic Arts and Science, (6 North Michigan Ave.) on Tuesday, March 5th, Miss Haggerty of the teaching staff will demonstrate the use of cheese and eggs as conservation foods. The subject is appropriate to the Lenten season and gains added interest because the price of eggs promises shortly to come within the reach of all.

EYE - SORE ON CURTISS STREET

One of the eye sores of the village is the old Keller house on Curtiss St., just west of the creek. It has been uninhabited for a great many years and its abandoned look gives a black eye to one of our prettiest streets. The abode of rats and tramps it should be condemned and torn down.

The season is now at hand when many hundreds of summer visitors will again be invading Downers Grove. This old house with the sash missing from some of the windows, standing so close to the center of town, will draw attention. We want the village spick and span for these visitors, some of whom come out with the avowed intention of looking the town over with a view to moving here.

Let's get rid of this eye sore.

Last Sunday Mr. and Mrs. Chas. Hawkins took advantage of the beautiful day and motored to Lockport to visit Mr. and Mrs. Shepard.

MR. AND MRS. L. R. WELLS VISITED LOCAL BOYS AT CAMP LOGAN, HOUSTON TX.

Mr. and Mrs. L. B. Wells returned Tuesday from a weeks visit with their son, Warren, and other Downers boys training at Camp Logan, Houston. Mr. Wells dropped into the shop the other evening and told about what a wonderful camp it is. He said the local boys are all well and everyone of them has gained in weight since entering the service. Camp conditions are ideal, the eats are fine and the only thing the men are complaining about is the lack of equipment that is keeping the division here when they do so want to go over and get into the fracas. While in the neighborhood Mr. and Mrs. Wells visited Allington aviation field and saw hundreds of Americans in training for the corps. More than sixty-five machines were in the air at one time while they were there and the sight must have been pretty. So strict is the United States in guarding their flying fields that it was only after great trouble that permission was obtained to enter the enclosure.
