NOTES OF THE WOMANS CLUB

At the annual meeting of the Woman's Club held at Library hall Wednesday officers were elected for the ensuing year as follows:

President—Mrs. T. F. Kelly.
Vice-President—Mrs. W. H. Blodgett.
Recording Secretary—Mrs. A. B. Snow.
Corresponding Secretary—Miss Jessie Bryce.
Treasurer—Mrs. Victor Peterson.
Parliamentarian—Mrs. J. C. White.

The officers and chairmen of committees read their annual reports at this meeting showing the flourishing condition of the club. The year's work showed that great interest was taken in the club by its members and that they worked hard for the welfare of the community.

Owing to the great need of our country for work along patriotic lines of duty the club activities were greatly modified.

This organization and its members has taken the lead in many of the forms of war work. Through their "Red Cross Committee" the present Red Cross branch has been built up and leaders in the club were at the head of the Woman's registration for this district.

The Art and Literature Department of the Woman's Club will hold a meeting at Library Hall, Friday, April 26th, at 2:30 p. m.

All members of this department are urged to be present.

Many Like Him.

"What's wrong with Githers?" "He has a mistaken conception of his duty as a citizen." "You?" "He won't put his shoulder to the wheel. He wants other people to do that, while he stands on one side and lets down the number of revolutions it makes."— Birmingham Age-Herald.

LIBRARY NOTES

Hours
Tuesday, Thursday and Saturday,
Three to Nine P. M.

The Downers Grove Public Library reports that the people of Downers Grove have contributed over 150 books since March 1918 for the use of our soldiers and sailors and that more books are still coming in. It is hoped that week after week they will continue to come in steadily, for our men will need books as long as the war lasts, and the supply must be constantly replenished. A great deal of credit for this work is due the Khaki Kids who have been making a house to house canvass for books. Mr. Kitwell has shown his patriotic spirit by taking these books in, in the truck to the Chicago Public Library where they are packed to be sent to the various cantonments.

What Canals May Accomplish.

It is possible that by the construction of canals we may yet see the day when there will be great fleets afloat in the country where once upon a time the highland clans held sway, where Rob Roy Macgregor raided for cattle and fought with the Clan Macfarlane, and where there is still the glimmer that was thrown over it by the genius of Sir Walter Scott. If so, it will be one of the most remarkable transformations in the history of any country.
