THE WAY TO BERLIN

By Eilas Lieberman, in New York Times.

The way to Berlin is the Will-to-Win Firmly it stretches out Over quicksand fears and blasted

years, Over marshes of woe and doubt. Like a silver path for God's own wrath

Across the slime of sin, It finds the gate of the Lord of Hate. In the royal palace, Berlin.

The way to Berlin is the Will-to-Win. It passes from Avenue lift Through the thoroughfare of Grinand-Bear.

Across the Lane of Thrift; Then winds along through hopeful

Toward the Summit of Never-Give-

From which it leads through the Road of Deeds

To the royal palace, Berlin.

The way to Berlin is the Will-to-Win And all of us belong On that Only Way-a great array Of a hundred million strong!

To Fill Nail Holes. Nati-holes in wood may be filled up by mixing sawdust with glue till it is of the consistency of stiff paste. Press this compound into the holes, and it will become as hard as the wood itself.
