NEW BOOKS

At the close of the course of entertainment for 1913 held under the supervision of the Entertainment Course Association, there was a balance of \$38.94 to the credit of the Association which has been held in the bank by the treasurer. As there seems to be no immediate prospect for continuing the course, the committee has unanimously approved giving this amount to the Library Board for the purchase of new books.

If there is any objection to this disposal of the funds, please communicate with committee.

SACREDLY KEPT AS PEOPLE PRAY

Led by Ministers, Whole Community Appeals to God in Accordance with Preclamation

Promoted by President Wilson's Memorial Day proclamation, than which no greater proclamation has been issued since President Lincoln's similar proclamation of March 30, 1863, Downers Grove gave itself up yesterday to "public humiliation, prayer and fasting." Hundreds of loyal, believing hearts raised their petitions to Almighty God for His blessing upon the nation and its armies now fighting for freedom.

At eight o'clock in the morning a public service for prayer was held in the First Congregational church, in accordance with a call issued by the local Ministerial Federation. It was not a formal occasion with a set pro-SURGICAL CLASS gram of speech-making, but rather a time of heart-searching, of selfcommitment and of free and earnest prayer in behalf of the interests deaignated in the President's call.
