Are You an Ant or a Grasshopper?

Remember Aesop's story of the Ant and the Grasshopper? How the Grasshopper sang all summer long with no thought of the coming winter, while the Ant worked and stored up a supply of necessities for use during the cold weather? If you do you'll also remember that the Grasshopper froze to death while the Ant lived to enjoy life for many moons thereafter.

Take the Children with You

We're bound for a chair in the theater that knows and shows what we want to see in photoplays.

We don't have to hunt for it—don't ever have to take a chance on what we will see. The name of the play? Who cares? It's a Paramount Aircraft picture; that's saying we'll see foremost stars, superbly directed in clean motion pictures that make us forget ourselves, takes us to the land of childhood, to the big city, to the Canadian woods, to the California mountains, yes to 'most everywhere. Or possibly visirlizes some great story we have read, such as "Tom Sawyer", "Oliver Twist", "The Sub-Let Stories", "Cinderella", "M Liss".

Whether it be story or ylay they are always interesting, gaod and clean. Our children love them. We enjoy them. This week will see the following wonderful pictures.
