It is hard enough to get water for the kitchen and drinking purposes, but as our Chaplain said, we "grab" enough sometimes for a hand wash. But we sure are regular hobos. You remember Mother used to make me wash before eating when coming in from threshing. I wonder what you would do if you saw me now if I was to go as I did then. I would call it clean. Well this is a glorious life for a man and that's no joke. You sure have you "rups and downs" all the time. I see Fred and Stewart at every meal, as the horse lines are not far from the position. Have heard from most of my friends but lack time to answer. You bet I would like to hear from Norman Anderson. Have not heard from him in a long time. Good luck to Uncle Charley, don't think he'll get to see France, tho if things are what they look to be he might. I have received my eastern paper and it sure looked good to me. Must close and get to washing harnesses. Dwight (Cox)

FRED PLUMB LOCATES FRIEND BY REPORTER August 14, 1918 Dearest Mother: Outside of a shell torn city, by the side of a road I write these few lines, hoping to find you in the best of health. I am well at this writing. It has been raining here for the past week, but is nice today. Received the Reporter a few days ago, and there was a letter from Arthur Schlauder. It gave his address, and he is in the same division as I, his camp was beside one of ours. I went over a couple of times to try to find him but had no luck, but hope to see him before long and have a good talk. I never realized that any boy from Downers Grove was so near and I guess he didn't neither. The good old flag, Stars and Stripes, is still getting nearer Berlin. There is only one way for the American boys to go, and that way is proving disastrous to Kaiser Bill. You see we never were trained to retreat. The Allies have the fighting spirit of the American, and are making it very uncomfortable for the Huns, as they are. The boys are shot up very bad, some just a mass of muddish with a wall projecting here and there, its a shame to see some of the old buildings and bridges blown to pieces. The stone bridges are being replaced by steel ones which don't look half so

nice as the stone ones which took years to build. It seems to be the main object of the Huns to get churches hospitals and cemeteries. They'll get them every time if they can. But nearer Berlin they can hike like the devil when the right kind of stuff gets after them. Don't worry about me, I am where I wanted to be. Guess I will have to close with love, Good-bye. Loving Son, Fred (Plumb) DOWNS' CORPORAL LIKES TRIP IN PLANE Somewhere in France, Aug. 9, 1918. My Dearest Mother: I wasn't going to write until I got some mail but it's over a week now since I got your last letter, and I have a little spare time so I might as well write a few lines. I am working nights now and like it pretty well. I start to work at 8 o'clock and quit at 6 in the morning, and at 12 o'clock midnight we have a big feed. It don't get dark here until 10 o'clock and gets light again at 4:30 so you see there isn't much night work here. I go to sleep when I get thru and sleep till noon and then have all afternoon till 8 o'clock, for myself, so that isn't bad, is it? I have charge of three fellows and am responsible for what they do. I got one of the best jobs that there are here. I have a leather helmet and goggles and a leather vest and one sure needs them as it is pretty cold sitting behind the propeller when it's going. Have been up three times already and it sure is great. I could tell a lot of this experience but can't do it now. In your last letter you didn't say whether you got the camera or not. I also sent a package of things that were not needed, the day before we left Camp Greene, did you get them? Yesterday I went to town and walked around looking over as much as I could and there is sure a lot of nice scenery. Fruit is scarce here. They charge ten cents for a pear and a peach and small ones at that. As long as we have to work seven days a week now, it seems when I work nights I have more time to myself. It isn't hard work so I guess I will get along alright. There were a whole lot of newspapers and magazines came in today but I didn't get any. I received that package you sent to me at Camp Greene but the cake was spoiled and the whole business smashed up so it's just as well off not sending anything. We are getting good cats here and I can buy jam and canned fruits at the Sales Commissary cheaper than you can get it in the United States, and smokes also. A can of Prince Albert that costs 15 cents in the States, we get for eight cents so you see that is pretty cheap. I get a can of jam once in a while and that lasts me a couple of days. But as far as cats are concerned, we couldn't expect much better. It took me a long time to get some real work but I sure got plenty now. We hope to get some mail in the next day or two now and there ought to be a bunch of it for me. Anyhow there is nothing that makes the fellows feel worse than when the mail comes in and they receive none. Will you please get me a Popular Mechanics every month and wrap it up good and send it to me and also get the Motor Age, if you can. You can get them at the same place we got the records in Downers Grove and if they don't handle them, he should get them for you. The one thing I miss here is reading matter so see what you can do for me. They usually have a lot of different kind

of magazines at the Union Depot and at that place in Downers and you know what kind of magazines I like to read. Have you taken any more pictures lately- I will try and have some taken of myself in town soon and will send you some. That's about all I have to say until I get a letter from you which I hope will be soon. That is one thing I would like to have you do. Write often. How is Pa getting along with his work? How is everything else doing? With best of love to all at home. Your loving son, Eddie (Czechowski)

Substitute for Pepsin. Health experts in the Philippines are trying to develop an industry in the dried juice of the papaya for medicinal use as a substitute for pepsin. Muchadoe About O. A little book with the title of "The Vest Pocket Argument Settler" has been observed at a book store. Now who in the world ever had such an argument about a vest pocket as to try to write a book about it? Maybe the book wasn't about vest pockets, after all. Clay Long in Congress. Henry Clay was elected speaker of the house of representatives six times, as follows: In November, 1811, Twelfth congress; in May, 1813, Thirteenth congress; in December, 1845, Fourteenth congress; in December, 1817, Fifteenth congress; in December, 1819, Sixteenth congress, and in December, 1823, Eighteenth congress.
