ADDRESSES AND MILITARY RANK OF OUR BOYS IN SERVICE AT THE FRONT AND IN TRAINING

LIST NOT COMPLETE.

You haven't written to the boys, you used to know so well before he put on the khaki of the army or the blue of the navy and went to fight your fight. Look through this list and see if his name is there. If it is write to him. If it is not in the list get in touch with someone who knows where he is. Get his address and then write to him and after you have done that send his address to the Reporter that it may be added to the list and someone else be enabled to write to him. The list which will be repeated in several issues of the Reporter is the best and most correct list of Our Boys present whereabouts which we have

been able to compile. There may be mistakes in it. The boys are moving fast now and an address of a week ago may be miles from the present location of the soldier lad. Then, too he may have stepped up in the rank. The Reporter wants to have an absolutely correct list of the home boys in the service of their country. If you see a mistake in name, rank or address call our attention to it that it may be corrected before the next issue. This is only a list in part, some one hundred and fifty out of more than two hundred and fifty and you are earnestly requested to help fill out the list.
