The Latin Club, formerly composed of Caesar and Cicero students only, has voted to take in all Freshmen having a grade of 85 per cent or more in Latin.

Teacher: "What force did McClellan go against in the spring of 1862?" Pupil: "A Stonewall's."

What's the matter with the orchestra? It's all right! We hope so, but where is it?

The basket ball banquet takes place to-night in the Methodist Church.

Following are the spelling averages for this week: Freshmen Latin, 99.8; Botany Class, 99.75; History Class, 99.6; Freshmen English, 99.59; Book-keeping Class, 99.36; Study Hall, 99.05; Domestic Science, 98.89.

Ruth Oliver was a visitor at the high school one day this week.

O Curtis! O Curtis! Why are you so shy? When we want you to speak to us You are never nigh. You've helped D. G. H. S Her victories to win; And busily on the job Every day you've been. You taught Bush and Rich and Grummy To make baskets and then You taught Gus Boone to guard With the skill of ten.

Any questions on gravity answered by Paul Prickett.

Don't forget the annual Senior class play next Friday night at the Curtis Theatre.

The high school orchestra played for the Mother's Club on last Tuesday evening.

Is this your little pet peeve? To open your tablet and find only one sheet of paper in it?

Clerk: "Do you want something green?" Customer: "No, why do you ask?" Clerk: "That is all that I have been selling to-day."

P. S. The result might have been seen in the high school.

Be sure to save March 28th for the Senior Class Play.

A student told in the history class that a great many German private officers were killed.

Another one remarked that when President Wilson landed in New York the bands began to sing.

The following first team men were awarded football letters: Bush, Shurte Vaughan, Grumhaus, Boone and Allison. Those from the second team receiving them, Peterson, Mills, Tylor, Branard, Roth, Phelps Morton and Goodman.

Don't whisper aloud. Don't wish for any more rain. Don't fool with the windows or shades. Don't borrow pencils or paper unless you return them. Don't forget whose book you borrow. Don't forget that perhaps your neighbor wants to study. Don't slam the doors. Don't sharpen all of your pencils at once. Don't crumple paper.

A pupil, translating: "Silence reigned." Another, speaking from knowledge of events during the past days: "Yea, and something else is going to rain pretty soon."

We think that it did, too, for the gym floor now presents the beginnings of a young swimming tank.

We hear that some of the Sophomores are giving up geometry and Caesar during Lent. That is, they wish that that they could.

Basket ball is over. Base ball drawing near; Boys and girls in high school Wish that time were here.

To the tune of "Smiles." There is work that makes us happy; There is work that makes us sad; There is work that does us lots of good, But nothing makes us very glad; There is work that has so deep a meaning That the hearts of profs themselves Might shake; But the work that fills my heart with gladness Is the work that I do not take.

## "VICTORY GARDENS" BOOM BECAUSE OF SPRINGLIKE DAYS

The weather the last few days has been warm and spring-like to say the least and it has started the commuter to talking of the joys of gardening.

If their present interest holds out during the days of necessary weeding,

we predict Downers Grove's "Victory Gardens" will be among the finest in the land.

At that their is much to be said in favor of a home garden. The joy of actually working in the soil with ones own hands, the increased health from the outdoor air and the material benefits in the shape of fresh vegetables, all contribute their share.

The word "Good-by" at the end of a telephone conversation is not only a courtesy between those who have been talking but it is definite indication that the conversation is terminated, and that the receiver may be returned to the hook without discourtesy.

Don't forget to say Good-by when you have concluded your telephone talk.
