Go to jail himself, for seven years, for a crime of which he was guiltless or—send to jail, for seven years, the woman he loved?

She did, but her husband, who didn't know that she was making a secret of their marriage couldn't understand why she allowed other men to make love to her only a few hours after she had promised to "love, honor, and obey" him. There are all sorts of complications, near-tragic, ridiculous and dramatic, that you can't afford to miss!
