THE DUTY OF ILLINOIS TO HER DISABLED

There is now being considered by the Illinois legislature a most constructive and economical measure providing for the rehabilitation of disabled persons who are disqualified as a result of accident or disease from supporting themselves. This measure Senate Bill No. 449, introduced by Senator Swift, deserves the hearty support of every citizen in the state.

In times gone by the cripple has been left to beg or to become a charge upon the community; no course of action was ever suggested to put him back on the payroll as a self-respecting workman. The experience of foreign belligerents in dealing with disabled soldiers has proved beyond a doubt that even the most seriously handicapped can be retrained for some job that they can competently fill. The time is ripe for extending to the civilian cripple the advantages that have been offered to the war cripple.

It is our duty to give every disabled person a chance to help himself. An opportunity of realizing that duty is at hand for every resident of the state, by urging upon members of the legislature the speedy enactment of Senate Bill No. 449.

If you believe that the disabled person deserves a chance for a new start in life write at once to this effect to your assemblyman and state senator.

Those who will participate in the parade tomorrow should make arrangements to be at Main and Curtiss sts. at 1:30 in order to not delay things.

Freshmen are green;
They shouldn't be heard,
But should be seen.

We wonder who is the brightest one-twentieth of the Senior Class. If you are a Junior you would figure it in fully-thirds.

One of the most enjoyable parties of the year was that given last Friday night by the Commercial Club.

Stewart Burns was a High School visitor last week.

Exams are coming and Seniors are going.

Boy student: "Did you know that I have a wooden leg?"
Girl student: "That is nothing. I have a cedar chest."

Monologue by a Junior:

"Good-afternoon judge. I don't know whether I was speeding or not. I wasn't looking at the speedometer. What good will it do to have Pa down here? I don't know whether I want him here or not. Alright I will bring him down at 4:30."

About 6:00 o'clock. "Good evening judge. No, I haven't any more to say. What am I to get judge? Five dollars and costs?" The speaker hands the judge a ten dollar bill. After waiting a while he says: "Where is my change?" The judge replies: "I said five dollars and costs. The cost was five." Good evening.

Examinations begin next Monday.

Heard in one of the English classes: "He was just naturally born religious and continued that way until he got married."

Heard around the High School: "I don't have to come to school all day Tuesday. When do you get off?"

We understand that Stanley Huntington is going to start a newspaper his vacation.

Ed Curtis, our basket ball coach for the past year, won first place in the quarter mile run and third place in the 220 yard dash at Stagg Field.

We learned in Biology that the only animal that can live and croak at the same time is the frog.

Mother: "Stop using such dreadful language."
Pupil: "But Shakespeare uses it."
Mother: "Then don't play with him any more."

How much does it cost to run an automobile?

Last Wednesday Doctor Sarah Janson, for twenty years connected with the Rush Medical College in Chicago, gave a most interesting and helpful address to the boys of the High School and to the seventh and eighth grades and High School girls. She talked on the laws of health and we hope that we may hear her soon again.

BUY AN ELECTRIC WASHER ON EASY TERMS

Washing the old way is a back breaker and often leads to the hospital and years of suffering.

Modern Electric machinery has changed all this and today there is no excuse for a woman to ruin her health bending over a wash board. These machines can be bought on easy terms and after using one a month you would not take twice what they cost you.

\$10.00 down and \$10.00 per month pays for these machines so easy you would hardly miss the money. Come in and see how they run and how easy they make wash day for you. We have three kinds for you to see. The Thor, The Maytag, and The Up-To-Date, we think the three best made in America.
