ZINDT'S PHARMACY

Day and Night Service.

34 S. Main Str.

Telephone 282

Drug Store will be closed Sunday afternoons from 1 to 5. Open from 5 to 7 Sunday evenings.

BOWLING LEAGUE PLANNED AT BANQUET LAST NIGHT

Downers Grove will have a regular five man bowling league next season if plans which were discussed at a banquet last night are carried out.

The dinner was given in Dicke's Hall by Mr. C. H. Dicke to the bowlers of Downers Grove and about forty-five sat down at the beautifully decorated tables. Everyone enjoyed the supper which was designed for hot weather eating as follows: potato salad, cold roast beef and baked ham, coffee, bread and butter, canteloup sundaes and cake.

W. G. Bollow acted as temporary chairman of the gathering and explained the object of the meeting which was to organize for next season's bowling. He called for nominations for President and L. E. Banning, the best known local bowler, was elected.

W. G. Bollow was elected Secretary and Harold "Bike" Biedelman, Treasurer.

Acting on the suggestion of Chas. "Dad" Walters, President Banning will appoint four men to serve with him on a ways and means committee.

MEMORIAL SERVICE SUNDAY FOR MARSHALL STATTON

Downers Grove is mourning another expression of that grief will be made at 3:30 Sunday afternoon when Memorial Services will be held for Marshall L. Statton.

The services will be held under the Service Flag at Main Street and Warren Avenue under the direction of the Community League.

Company H and returned soldiers and sailors will take part. The entire community is asked to turn out and pay its last respects for one of "Our Boys" who will not return.

Marshall Statton, son of Mr. and Mrs. P. R. Statton of Belmont St., enlisted early in the war in the Machine Gun Company of the 129th Inf. He served thru the entire war without receiving a scratch and after the signing of the armistice fell victim to the flu. He died on May 25th and was buried "over there."

Ex-service men will meet at Main and Curtiss Streets at 3:00 Sunday to take part.

PLAYGROUND RECREATIVE AND ATHLETIC ACTIVITIES

A new interest is being displayed by the boys and girls in the play activities on the High School field. In the morning and afternoon the younger boys meet for various games, including baseball, playground ball, volley ball etc. The girls meet in the afternoon, also at the High School field. Mrs. Prince has kindly consented to allow the girls and boys the use of her tennis court and the girls have had two sessions on it thus far. Some of the men might be interested to know that the volley ball court is now open for use in the evenings. All are welcome to come and play in the twilight. The older boys meet evenings for their recreation. Members of the Downers Grove baseball team are practicing evenings for their games to be played each Saturday afternoon. The public should keep in mind the times to attend and help meet the Downers Grove team.

Two preliminary track meets have taken place in the last few days. One was held Monday afternoon, of boys 9 to 14, with the following results:

- 1st—Gilbert Mochel
 - 2nd—Douglas Huntington
 - 3rd—Donald Van Valen
 - 4th—Wm. Butler
- The events were as follows:
50 yard dash
75 yard dash
1/2 mile run
Running high jump
Running broad jump
Pole vault

The track meet between the boys of 14-15 was held Tuesday evening with the following results:

- 1st—Bud Smith
 - 2nd—Doc Stevenson
 - 3rd—Russell Stephens
 - 4th—Halley Rogers
- The events were as follows:
50 yard dash
100 yard dash
Running high jump
Running broad jump
Pole vault

It is a suggestion that the boys and girls who have not had the pleasure to take part in these activities work might do so by coming to the High School field. The mothers and fathers should urge the children to have some kind of organized play. It is open all in the community.

Some of the things that are in "on" for the boys in the near future are as follows:

- Hikes
- Race-ball leagues
- Hare and hound races
- Cross country runs
- Track meets

John C. Grenier, Director of Recreation.

Get Your Tickets for the 22d Annual Picnic of the Downers Grove Fire Department.

Books of ten tickets will soon be issued you by the Fire boys, the price of these books is only \$2.50. If you don't wish to use these tickets personally—the little boy that runs that errand or news the lawn will appreciate part of the book and the Firemen will appreciate the purchase. The money will be used to improve the grounds of the Fire Department and you know they are at your command if you need them—so buy—help the boys as much as you can. It will help perfect your greatest necessity.

Don't fail to help the boys; they never fail to help when asked.

To the Patrons of the Downers Grove LAUNDRY

We take this method of thanking you for your leniency with us in the past few weeks. We are now, however, in a position to give prompt service and good work.

We expect to continue with improvements that will eventually give Downers Grove a strictly first class laundry.

Thanking you for past favors and hoping for a continuance of the same, we are,

Cordially yours,

DOWNERS GROVE LAUNDRY

CRACKSMEN BLOW POTTER MFG. AND LUMBER CO. SAFE

The safe of the Potter Mfg. and Lumber Co. was blown by expert cracksmen early yesterday morning.

A check up of the contents shows the loss about \$100 in currency including a Liberty Bond. Two or three hundred dollars in checks were also taken but these the robbers cannot cash.

The robbery was discovered early Thursday morning by the man who cleans out the office. The charge of nitroglycerin must have been very heavy as the safe was blown to bits.

Elmer Mochel living near the plant heard a loud explosion about 2:30 but paid no further attention to it. This must have been the report of the "soup."

It is thought that the same gang that got the money here also operated in Naperville Wednesday morning as the safe of the Kroehler Mfg. Co. was blown on that morning and \$1000 in cash and bonds is missing. They are evidently making a "clean-up" along the "Q."

The cracksmen effected an entrance to the Potter plant by breaking in the plate glass door.

GOVERNOR LOWDEN INDORSES COUNTY AGENT FARM WORK

"The most helpful, hopeful movement of modern times in agriculture is the county bureau," said Governor Lowden at a recent meeting of Indiana farmers. "I believe the county agent is going to help us bring agriculture up more rapidly than any other agency we have had in the past and that is because he gets the farmers to cooperate with one another along the most practical and successful lines. I know that it is true in my State, and I am quite sure it is equally true here."

"While we have been developing in this country the best scientific education that any country has had—our agricultural colleges have made marvelous progress in the last generation—we have found it difficult to transmit the science from the classroom to the farm. We have not been able to get it from the college out to the field, and that is exactly what the county agent is doing today all over this western country. He is bearing out into the fields this knowledge which the professors teach, and teach successfully. I have more faith in an improved and permanent agriculture through the agency of the county farm bureau than in any other agency we have."

LACE NEWS

Wednesday evening, June 25, a basket social will be given by the young people of Lacey Lutheran Church. Mr. Wm. Andermann has kindly offered the use of his lawn for this occasion. A program of music, songs and recitations is being planned. Music will be rendered by the orchestra of the Hinsdale Lutheran Church. The orchestra is well known in this vicinity and will be in itself a drawing card. Everyone is kindly invited to attend. No Admission will be charged. Women and girls are requested to bring a box of lunch. Ice cream and refreshments will be served. The committee in charge of the affair consists of Malinda Andermann, Philmyra Rohner, Laura Henry, George Daugherty, Albert Andermann and Edward Hagermann.

Rev. W. Burnette, and Mr. Chas. Markix, delegate of the Lacey Church, attended the convention of the North Illinois District of the Lutheran Church, which was held in Chicago last week.

The Ladies Society of the Lacey Church will give a social on Friday, June 27 at the home of Mrs. A. Henry.

CATHOLIC MEN OF COUNTY TO MEET AT NAPERVILLE

A meeting of all Catholic men in DuPage County has been called to take place in the parish hall of St. Peter and Paul Church at Naperville July 6 at 2:30 P. M. The purpose of this gathering will be to organize the Holy Name Societies into a union and to make arrangements for an active Big Brother committee in every parish.

Rev. A. J. McGavick, D. D., Spiritual Director of the Archdiocesan Union of Chicago, has decided to form the union as it is not convenient for these members to attend the regular meetings at Chicago. Bishop McGavick hopes thus to bring a direct material benefit to the farmers and to the needy boys.

This will be done thru the efforts of the Big Brother committees. Every year there are a large number of boys in the city who desire work on farms and there are also a large number who have no home and rather than put them in an institution, the court rules that they be sent to farms. Finding work for these boys will be the work of the Big Brothers. The boys will be benefited by having clean healthy work away from evil influences and the farmers will be benefited by having help, which is so scarce at this time.

All local arrangements for this meeting are under the direction of Rev. Bernard J. Schuette of Naperville.

MOSQUITOES—WHAT THEY DO—HOW TO GET RID OF THEM

Mosquitoes are man's inveterate tormentors and foes. At the seaside, on the undrained prairies of the West and Northwest, in the far North, by woodland pool and mountain meadow these blood thirsty brigands in countless myriads waylay the individual business or pleasure bent.

Swamps, ponds and marshes, however, are not the only places which breed mosquitoes. A little rain water in an old tin can or undrained roof gutter, if neglected, will supply mosquitoes for a town or city neighborhood spreading discomfort, causing insomnia and tempting profanity.

If mosquitoes were merely a bothersome plague, there would be ample justification for unrelenting warfare against them, but when it is considered that several species scattered over the United States disseminate malaria, rendering many regions of great fertility almost uninhabitable, and that one kind of mosquito found in the South will convey yellow fever, no argument for fighting them is necessary.

In Farmers Bulletin No. 444 of the United States Department of Agriculture entitled "Remedies and Preventives against Mosquitoes" by Dr. L. O. Howard, are discussed the importance of antimosquito work, protection from bites, smudges and fumigants, apparatus for catching adult mosquitoes etc.

HOME SWEET HOME
