"WITH THE COLORS" From Du Page County

You probably know personally at least 150 boys from Downers Grove and Du Page County who donned the uniform of the army, the navy or the marine corps, for service with Uncle Sam during the World War.

Wouldn't it be simply great to have a picture of each one of them and their record of service? "It certainly would," you say.

Well, this is now possible as C. H. Staats is going to issue in the near future a book containing just that information. A picture of every boy from Du Page County and his record of service.

He is now taking orders for the book which will be ready soon. The price is very reasonable, \$7.50 per volume, considering the large expense of gathering data, making the cuts, and printing and distributing.

Every resident of the County will want a copy of this book showing who was who during the trying days of 1917-18 and everyone will have a chance to purchase one.

At the bottom of this adv. will be found a coupon, cut this out, fill it in, and attach check for \$2.50, the first payment. The balance, \$5.00 will not be required until the book is delivered.

There will only be one edition of this book printed and this edition will be limited in number so first to order will be sure of securing a copy.

"WITH THE COLORS FROM DU PAGE COUNTY" will be bound in leather and will contain besides the pictures of the boys departments, title pages in color by one of the foremost artists of America. It will have full page pictures of Wilson, Foch and

Pershing and will contain a detail map (showing the smallest of villages) of France and the battlefronts. This map shows all railroads, strategic roads, canals, and is one of the best published.

Mr. Staats has at his office, 37 North Main Street, Downers Grove, a dummy showing how the completed book will look and sample pages from other Honor Rolls showing plates and records of service. You are invited to come to the office and look these over before leaving your order.
