WATCH RUNS FOR 7 YEARS INSIDE COW

Seven years ago a farmer living near Pella, Iowa, hung his vest on a fence in the barn yard. A calf chewed up the pocket of the garment in which was a standard gold watch. Last month the animal, a staid old milk cow, was butchered for beef and the time piece was found in such a position between the lungs of the cow that the respiration—the closing in of the lungs—kept the watch wound and the watch lost only four minutes in seven years.—Exchange.
Professor, please strike up that old and well known tune, "It may be so, but I don't know."

Danger in Water Drinking.
Dr. James H. Honan of the University of Chicago denounces coffee as a poison, tea as a shatterer of the nerves and water as responsible for increased blood pressure. He says too much water is exceedingly dangerous to persons suffering from hardened arteries, which means to most persons who have passed fifty.

Y. W. C. A. Provides Home For Actresses at Camp Dix, N. J.

Actresses who play in the Liberty Theater at Camp Dix, N. J., find a touch of home in the Players' House which the housing committee of the Young Women's Christian Association, of which Mrs. John D. Rockefeller, Jr., is chairman, operates for them. Because of the distance from any town where they might stay, it was necessary to provide some sort of living accommodations for the actresses. The Y. W. C. A. built the house, supplying it with all conveniences such as sewing machines, washtubs and ironing boards. Camp Upton, L. I. has a similar house.

Y. W. C. A. UNIFORMS TO CLOTHE STUDENTS

Suits Worn by War Workers Will Be Given to Penniless Students in Switzerland.

Official uniforms of the Young Women's Christian Association minus the Blue Triangle, the Association insignia, will be worn next winter by women students who have been stranded in Switzerland during the war and who, because of lack of funds, inability to re-enter their native country, a desire to finish their university courses or because they have no family to which to return, will remain there next year.

Elizabeth M. Clark, who has been in Switzerland for ten years under the World Student Christian Federation, has appealed to the National Student Committee of the Y. W. C. A. for clothing for the 300 foreign women students in Switzerland. The scarcity of clothing last year among these almost refugee students made it necessary for two girls to share one coat so that only one could go to classes or go out of doors at a time.

Four large packing cases of all kinds of used clothing, save hats, which is in good condition, have been collected hastily from women college students in the New England States, Ohio, West Virginia, Pennsylvania, Maryland and Delaware by the Student Committee of the National Y. W. C. A. to be sent over in response to Miss Clark's appeal. This clothing will be dyed, cleaned and made over in Switzerland.

In addition to the clothing collected from students in colleges nearest New York a case of uniforms, which have been turned in by Y. W. C. A. secretaries who did war work, and the official gray uniform slaters is being sent. As uniforms are being turned in by war workers they will be claimed by the Student Committee, which will remove the insignia and prepare the uniforms so that they may be worn by these women who have been forced by world events to remain in Switzerland for several years.

QUEEN MARIE INVITES Y. W. C. A. TO RUMANIA

Extends invitation to Overseas Workers in Paris.

Paris, April 21.—Queen Marie of Rumania, following a conference with a representative committee of the American Y. W. C. A., held at the Ritz Hotel, Paris, has invited the American Young Women's Christian Association to come to Rumania and open work under her patronage.

Among the representatives of the Y. W. C. A. present at the conference were: Miss Harriett Taylor, head of the American Y. W. C. A. work overseas; Miss Mary Anderson of Hudson, Wis.; Miss Mary Dingman, head of the Y. W. C. A. industrial work in France; Mrs. Margaret B. Fowler of Pasadena, Cal.; and Miss Charlotte Niven, head of the Y. W. C. A. work in Italy. A notable guest at the meeting was Madame (Catali) wife of the secretary of the Rumanian legation in Paris.

Y. W. C. A. WORKER IS DECORATED.

Miss Marion Porter of New York City was decorated the other day in the name of the Chaplain General of the American army with the Church War Cross.
Her citation was for her moral and spiritual contribution to the war.
For more than a year Miss Porter has been at a hospital center in Vitte, France, as a representative of the Y. W. C. A. in charge of a nurses' club there.

Henry Plummer and wife of Wheaton, visited over Sunday with Mrs. Plummer's uncle, J. W. Rogers and family.

Mrs. Vernon returned to her daughter's, Mrs. F. C. Lancaster, from Crown Point, Ind., on Sunday.

Hail Storm Damaged Crops.

On Monday afternoon a hard wind and hail storm did considerable damage to crops in this vicinity. Heavy clouds made their appearance in the southwest about 1:30 o'clock, and moved rapidly eastward. One mile south of Naperville the first rain was first noticed, says the Clarion, and extends westward beyond Copenhagen, south to the DuPage river and east to the county line.

There, according to that paper, a 50-mile an hour wind prevailed during the half hour's continuance of the storm. Fields of corn were blown down by the wind and then chopped up by the hail. Unprotected windows were riddled, and in some instances the blinds were smashed, proving no protection to the glass. Egg and hen stones were the size of a hen's egg, and chunks of ice the size of a man's hand came down liberally. Grain shocks were covered and fairly flattened when the sun came out. Strawberry and small trees were buried and present a spotted appearance. Wild animals and birds did not escape. Farmers found dead prairie chickens, quail, crows and rabbits after the storm among the grain which had been flattened and pummeled by the hail.
