SALVATION ARMY DRIVE FOR FUNDS SEPTEMBER 22 - 29

Two great organizations, the Benevolent and Protective Order of Elks and the American Legion, the latter composed of officers and soldiers of the word war, have offered to give all possible aid to the Salvation Army during the Home Service Fund Campaign, to be conducted in Illinois September 22 to 29. In this campaign the Army

will ask Illinois to contribute \$2,250,000 with which to carry on the charitable and relief work of the army.

In the past campaigns for funds the Salvation Army always has counted the B. P. O. E. hard up solidly behind it and in some of the states which have been made for home service funds, the Elks played prominent parts.

All that was necessary to call the American Legion was to let the officers know that the campaign was being prepared. The soldiers remembered the work of the Salvation Army in France, and when Staff Captain C. A. Ryan, director of the campaign in Illinois, told the officers of the Legion at a meeting in Chicago that a campaign was about ready to be started, they adopted resolutions pledging the support of all members of the Legion.

Webster H. Rapp of Chicago, State President of the Elks, sent a letter to the Salvation Army campaign headquarters, stating that he would accept a post on the State Executive Committee, and enclosed a draft of a letter written to every Elk Lodge in Illinois, urging that the campaign be supported. Past Grand Exalted Ruler Bruce Campbell of East St. Louis also sent a letter to all Elk Lodges in Illinois urging the cooperation of all Elks in the drive.

Following is the resolution adopted by the officers of the American Legion: "Resolved: That we heartily endorse the campaign to be conducted in Illinois by the Salvation Army for \$2,250,000 for charitable work, and instruct each officer to place the matter before his local post with a view of securing their cooperation and to await further instructions from the army regarding the manner which they may serve."

AMERICAN LEGION ASKS HANGING FOR CRUEL ARMY MEN

Cook and Lake County Councils Deprecate 'White-Wash' of the Higher-Ups.

The following from the Chicago Herald and Examiner of August 23 will interest the ex-service men of Downers Grove. Those who served in France are aware of conditions of the prison camp mentioned and feel the men responsible should be brought to justice.

Hanging of the men guilty of causing the death of soldiers in our prison camps in France is demanded by the American Legion Post Officials' Council of Cook and Lake counties in a letter to President Wilson, Secretary of War Baker and members of Congress from the two counties.

"We wish to be assured that full justice will be done and that every guilty man will be adequately punished," the letter states. "Why should ex-Lieut. (Hard Boiled) Smith be let off with a light sentence when for trivial offenses other men are serving sentences of years?"

"Any attempt at palliating the offenses of those guilty or failure to reach the officers higher up will meet with a demand for immediate explanation from us."

"If the investigation discloses that treatment received at these prison camps was the cause of the many deaths which occurred we demand that the guilty men be hung."

"Matters must be so adjusted at this time that when we go into our next war the fact will not be overlooked that when a man enters the service he still retains his American citizenship, which is his inalienable right."

"F. B. Flannery, chairman of the council, said the American Legion is keeping a close watch of these affairs and if necessary will send men to Washington for further action."

AMERICAN LEGION NINE LOST AND WON AT BASEBALL
