My full-page advertisement in The Downers Grove Reporter will prove to any business man that as Bryant Washburn says "It pays to advertise." Come to the Curtis and sec. Fraudulent Old Clocks.

The brass lantern clocks of the sixteenth and seventeenth centuries have made a strong appeal to collectors, and this fact has led to the manufacture of replicas of the old clocks. When these are sold frankly as replicas, there is nothing to be said against such a practice; but, unfortunately, the matter does not stop here and too often the attempt is made to palm off an imitation as a genuine old clock. Famous makers' names are added and various expedients adopted to make the new clock pass muster as an old one. Such frauds are deplorable from every point of view, and the ignorance of many collectors makes success possible. Every one, it is obvious, cannot possess a genuine old clock. It would be well if this fact were faced, and the clocks bought simply as reproductions, by all those who are not in a position to make reasonably sure that they are really purchasing a genuine old English clock.—Christian Science Monitor.

COUNTY "Y" SECRETARY DEMONSTRATED GAMES

In connection with the Teachers' Institute, Mr. C. B. Bowman, county superintendent of schools, arranged for the Y. M. C. A. county secretary, W. H. Richie, to give a demonstration of games from 1 to 1:30 Monday afternoon on the court house grounds. A number of children volunteered from the 5th and 6th grades and were run thru series of circle games and "bottle-relays." As many of the children attending the grammar schools of the county have their play-life undeveloped it is hoped that teachers will play more with their pupils and thus give them wholesome recreation as well as the training of coordination of muscles and the spirit of team play. The County "Y" Secretary is anxious to be of service to our rural school which would like assistance in developing play-life. A second demonstration for the teachers will be given Friday from 1 to 1:30 p. m.

Tuesday evening, September 23rd Helen Elynn had a very successful play festival on its main street pavement. At the close between 200 and 300 people joined in singing popular and patriotic songs in two groups led by Mr. Jeffers and Mr. Hibbard.

About forty friends and neighbors gave a surprise party to Mr. and Mrs. Arthur Griffin. They were loaded with good things to eat and after games were played and the refreshments served, Rev. Anderson in a few well chosen words thanked Mr. and Mrs. Griffin in behalf of the church for their faithfulness in the work of the church and to show their appreciation Mr. Griffin was presented with a fine travelling bag and Mrs. Griffin a leather hand bag. Mr. Griffin responded but was too surprised to say much more than to thank them. "Blest Be the Tie that Binds" was sung and the guests departed wishing them a safe voyage. Mr. and Mrs. Griffin will sail this month for England where they expect to make their future home.

Some time ago the Service League girls of Lisle adopted a French orphan and the following letter was sent by him to Miss Margaret Rogers, president of the League. It was written in French and was translated into English. Mademoiselle:

I have just received the money which you had the kindness to send me. I wish to thank you for so much kindness and send my best regards to the League. I am eight years old, my sister, Francoise, is ten years old, my youngest sister is five years old and as you know, Mademoiselle, father was killed in the war. We live alone with mamma, who has her work bringing us up and who, in spite of her courage, still weeps often. I hope to grow very quickly so that

I can help mamma in the work of the fields. I would like to know you well Mademoiselle in order to love you still more so you would find out that your aid puts a bit of happiness in our home.

Thanks again, dear Mademoiselle, and believe my sentiments of "Long Live the League." With sincere affection, Jaquet Alphonse.

Humor in the Classroom. Ethel, who was ten years old, was studying her reader, and learned that fish are placed in brine before they are dried and prepared for sale. Ethel's face was illuminated with sudden understanding, and she promptly replied: "Because they are used to salt water."
