To the people of Downers Grove— I wonder if you will permit me to tell you about the remarkable experience I had the other day. It is part of my job to review beforehand the motion pictures that come to the Curtiss Theatre and you can easily imagine, from seeing hundreds of pictures of all kind, I have become critical and hard to please. But last week I reviewed a film that thrilled me as no other motion picture has ever done before. I followed the shifting scenes from New York's Chinatown to a beautiful mountain village near the sea. Fascinated as if I were living the tremendous story myself, and at the end I realized I had been seeing one of the really great screen masterpieces of all time. That picture is the Paramount-Artcraft production of "The Miracle Man" which may be seen at the Curtiss Theatre, this Friday and Saturday, October 10th and 11th. Hilliard Campbell. Adv.
