Every activity of the church will have a part in the celebration and the program promises to be one of the most interesting ever given.

There will be singing by the choir, There will be singing by the choir, and by individuals. Several instrumental numbers by talented members of the congregation. Talks by the pastor, by leading members of the church and by visiting dignitaries.

The county secretary has responded to the request of Principal Robison and is getting the older boys interested in Soccer. Having played at college he is enthusiastic over this game as giving the very best of training for school boys as well as a less dangerous pastime than the Rugby game.

Lombard is to have a Business 7 Men's Gym Class and Mr. Robert Sykes of Wheaton College will be 50 their director. Mr. L. H. Webb, pres-19 ident of the School Board, who is also vice chairman of the county committee is backing the proposed physical training program.

It will be seen from the table that the per capita valuation is lower. This would seem to indicate that not as many people own their own homes here, which we doubt, or that the real estate valuation for this village is too

low, which we wo	ula believe.
