 If we thought any of the "bachelor" girls of the village would take advantage of it we would print a "leap year list" next week. The Hawkins Ford was pretty well scattered over the landscape and Puffer's car was able to limp to the garage under its own power where it will be necessary to replace a radiator and other parts before it can again be used for the road.

What Is Quality?

There is nothing mysterious or exclusive about quality. Any tailor who knows his business can furnish well-fitting garments that will wear and keep their shape.
 All he has to do is use all-wool fabrics, high grade linings, employ competent help and give them sufficient time to do a good job.
 The question is not can he furnish quality, but will he?
 There's a WILL in this shop to furnish quality. Some people call us cranks on the subject, but we are old-fashioned enough to believe that honest quality pays. Judging from the repeat orders we fill our customers think so, too.
 If you are looking for quality you will find it here. The cost is not excessive as you may expect

But fate decreed that all he could give her was a convict's name. What was his next step? This is a picture that will hold you entranced from start to finish.

"A Scream in the Night"

This picture bases a very entertaining story on Darwin's theory of the origin of our ancestors. If anyone believes that man emanates from monkey "A Scream in the Night" will place a quietus on the thought.
 It will be an especially interesting picture to the people of Downers Grove for the star is a neighbor to us, so to speak. That is, Ruth Budd comes from Aurora, Illinois.
