BE IT ORDAINED BY THE Council of the Village of Downers Grove, Illinois.

SECTION 1. That the Chicago Telephone Company, its successors, lessees and assigns, are hereby granted the right to construct, erect, renew, maintain and operate for a period of twenty (20) years from and after the passage and acceptance of this ordinance and thereafter until terminated upon (60) days written notice, in, upon, along, across, under and over the streets, alleys and public places of the Village of Downers Grove, lines of poles, wires, cables, conduits, vaults and laterals and to use the same for supplying the general public means of communication by telephone or other electrical device.

SECTION 2. The location of the lines of poles now existing is hereby approved and any change therein or extension thereof, as well as the construction of conduits, vaults and laterals shall be made under the direction of the Chairman of Committee on Streets and Alleys, or any such other officer as may be from time to time designated by the Village Council, who shall issue written permits therefor. All poles erected hereunder shall be first class poles of symmetrical and uniform shape, smoothly shaved and shall be painted and kept painted a uniform color.

SECTION 3. Said Company after doing any excavating shall leave the surface of the ground in a neat graded condition. All sidewalks, parkways, or pavements disturbed by said Company shall be restored by it to as good condition as before such sidewalk, parkway or pavement was opened or disturbed by it. All wires, poles, conduits, vaults and laterals of said Company within said Village shall be so placed and maintained and all work of said Company shall be so performed as not to interfere with ordinary travel on the highways of said Village or with water, sewer or other pipes or conduits which said Village may now or hereafter lay and in case of bringing to grade or change of width of any street or alley said Company shall change its structures so as to conform thereto. The tops of all vaults constructed under this ordinance shall present an even surface with the street pavement at the point where laid, and shall be lowered or raised by the Village Council as required by the Village Council of said Village whenever the grade of the street or alley in which said conduit is located may be at any time hereafter lowered or raised.

Said Company shall keep all structures constructed and maintained by it in said Village in a proper and safe condition at all times and shall maintain such barriers and danger signals during the construction, repair or renewal of all work performed under the provisions of this ordinance as will reasonably avoid damage and injury to life, limb and property. Said Company shall at its own expense defend all suits that may be brought against said Village on account of and in connection with the rights hereunder granted, or that may be brought against said Village under or by virtue of this ordinance or by reason of anything done by said Company hereunder, and shall save and keep harmless said Village from any and all damages, judgments, costs and expenses of every kind that may arise or grow out

SECTION 5. No trees along any of the streets or alleys shall be cut or trimmed without the consent of the owner of the abutting property or the Chairman of the street and alley Committee or such other officer as shall be from time to time designated by the Council of said Village for that purpose.

SECTION 6. Whenever in view of necessity of building moving and the Council of said Village shall so require, after twenty-four (24) hours written notice, said Company shall move its poles and cut its wires and cables after the owner or mover of the building to be moved shall have deposited with the Company an amount not to exceed the estimated actual cost of caring for, splicing and replacing said poles, wires and cables. Such cost shall be paid out of said deposit, and any amount unexpended from any sum so deposited shall be returned to the person making the deposit.

SECTION 7. Said Chicago Telephone Company will permit the Village of Downers Grove the use of sufficient space for carrying the Village police and fire alarm wires at the top of all poles erected hereunder, provided that such wires shall be so placed and maintained by said Village that the use of same will not impair the operation of said Company's wires or its use of said poles. All such police and fire alarm wires shall be attached and maintained under the direction and supervision of said Company's authorized representative and upon the following conditions: No such police or fire alarm wire shall be attached to any of said poles of said Company if such wires shall carry a voltage of more than one hundred (100) volts nor if any part of the circuit of such wire is supported upon a pole on which there is any wire carrying a voltage of five thousand (5000) volts or more. In case any such police and fire alarm wire in any part of its circuit is supported upon a pole on which there is any wire carrying a voltage of less than five thousand (5000) volts, then such police and fire alarm wire shall be attached to such pole at a point not less than five (5) feet below such wire carrying such voltage of less than five thousand (5000) volts and more than one hundred (100) volts.

In the event that the Illinois State Public Utilities Commission or any other body, board, or commission or court of competent jurisdiction shall so adjudge any provision or provisions hereof invalid, illegal or void, such invalidity or illegality shall in no way affect the validity or legality of the remaining provisions of this ordinance and this ordinance in all other respects shall continue in full force and effect as if such provision or provisions had not been so adjudged invalid, illegal or void. If the furnishing by the Company of the service provided for in Section 8 hereof, without charge therefor, is adjudged invalid, illegal or void for said reason by the State Public Utilities Commission of Illinois, or any other body, board, Commission or court of competent jurisdiction, then said Company shall furnish such service at the lawful rates therefor and in lieu of said free service and as a substitute therefor, pay to said Village annually the sum of money equivalent to the lawful rates for service which would have been rendered under Section 8 hereof.

SECTION 10. Said Company's rates for exchange service in said Village shall not exceed the rates charged by said Company in other municipalities in Illinois under like conditions for similar classes of service.
