They have taken over the exclusive agency of the Lincoln Highway and Racine Tires in this vicinity and also wish to announce that after April 1st, 1920, their new name will be, Downers Grove Tire and Battery Shop.

## Why One Should Carry An Account With a Bank

1. Because your money is safer in a bank than anywhere else.
2. Because paying bills by check is the simplest and most convenient method, as well as the safest, as your check becomes a receipt for the debt it pays.
3. Because it gives a better standing in the community, especially among the business men, to pay by check rather than cash.

You are invited to open an account with The First National Bank.
