

**BOWLING RACE
CLOSER AS SEASON NEARS END.**

**Leading Teams Drop Games Making
The Finish an Exceedingly
Exciting One.**

Never in the history of local bowling have the devotees of the sport been so interested as they now are in the finish of the local bowling league race. The leading teams all dropped games last week, making the finish one of the closest and exciting it is possible to imagine.

Klein's Colts, league leaders, dropped three straight to the rejuvenated Kidwell Speeders bunch last Friday. Bertolin's Cubs lost two out of three to Mochel's All Stars and Swearingen's Pace Makers suffered the same fate at the hands of Clarke's Clean Ems.

The standing of the clubs, which follows, gives some idea of the closeness of the finish and the way the bowlers are working now for every pin.

Club	W	L
Klein's Colts	41	28
Bertolin's Cubs	40	29
Swearingen's Pace Makers	39	30
Clarke's Clean Ems	38	31
Dicke Tool Co.	31	38
Tholin's Hatters	30	39
Mochel's All Stars	30	39
Kidwell's Speeders	29	40

Rolling against the Dicke Tool Co. team last Wednesday, the Tholin's Hatters knocked off 933 for the high team score of the season. Bunning, Nash and Shanabrook, counted 211, 204 and 197, for the high lights of the game.

Kidwell's Speeders are now going like a house afire. Capt. Wells has signed up Frank Bruns and Chas. Mrkwicka and these two old stars are getting the pins. They have made a vow to take three straight from every team the rest of the season.

High men on each team last week were: Speeders, Miley, 593; Hatters, Bunning, 606; Clean Ems, Staats, 585; Pace Makers, Singleterry, 541; Tool Co., Shultz, 522; Cubs, H. Ehninger, 569; All Stars, C. Staiger, 528; Colts, Stump, 490.

**Leonard Wood
for President**

"During these last 18 years he has rendered to America service of the very highest value and of a kind that could be rendered only by a man of wholly exceptional power and ability, ardent in his big-hearted devotion to the honor of the flag and the welfare of the nation."
—THEODORE ROOSEVELT, March, 1917.

**YOU as a good American
and as a voter at the Preference Primary Tuesday, April 13,**
have a right to know the life record and career of the man for whom you cast your vote. You have the right to read the story for yourself, stripped of embellishment, and draw your own conclusions.

Here is the story of Leonard Wood—the things he has done—which make him the one outstanding candidate for President of the United States.

His Work

Born October 6, 1860; Winchester, New Hampshire. Lived in boyhood on bleak Cape-Cod, Massachusetts. Graduated from Harvard Medical School, 1884.

Worked among poor of Boston as hospital physician.

Appointed army surgeon in 1885, served a few days in Boston and was transferred to Mexican border on his request "for action."

Fought for many months the savage Apache, who harried the border and successfully blocked the approach of civilization. Years later awarded Congressional medal of honor for his heroism in the Indian warfare.

In 1888 he surveyed Arizona under General Miles. Ordered back to active service on border for a few months. Made staff surgeon in 1889; stationed at Los Angeles.

Married in 1890 to Miss Louise A. Condit Smith, niece of Justice Field of the U. S. Supreme Court. Sent to Washington in 1895 as assistant attending surgeon and served under Cleveland and McKinley.

Organized Rough Riders in 1898; made Colonel with Theodore Roosevelt as Lieutenant Colonel. Led his troops in first battle at Las Guasimas, June 24, 1898. Captured Santiago, July 17th, and was promoted for valor to Brigadier General. Made military governor of Santiago, July 20, and turned city from pest house to modern municipality.

President McKinley appointed him Governor General of Cuba, with rank of Major General in December, 1899. In next three years he brought Cuba out of darkness and established it as a modern, law-abiding, self-governing nation.

Sent by Roosevelt to Germany in 1902 as military observer.

Appointed governor of the savage Moro province in the Philippines in 1903 by President Roosevelt.

Went with his men to the front lines, fought fanatic tribesmen, established government and civilization, and in three years redeemed another "lost land."

Made commander-in-chief of American forces in Philippines in 1905. In 1908 transferred to United States and made commander of the department of the East.

Sent as special ambassador to Argentine Republic.

Four years headed American military force as chief of staff.

In 1914 again made commander of the department of the East.

Became premier leader in preparedness in the United States by establishing training camps in 1914, 1915 and 1916.

Thousands of men trained under his direction to become officers on call.

His request for overseas duty in April, 1917, was refused and he was transferred to command the south-eastern department.

Selected and laid out eleven large training camps and supervised three officers' training camps.

August 26 began training of crack 89th division at Camp Funston, Kansas.

Sent to Europe in December as military observer.

Wounded by bursting gun; weeks in hospital.

Returned and resumed command of 89th division April 12, 1918. 89th went overseas. Wood ordered to return to Funston and start training 10th division.

Made commander of Central Department and organized forces to care for returning soldiers throughout central states and now lives in Illinois.

"Wood's work in Cuba was never paralleled."—Elihu Root.
"The higher the position to which he [Leonard Wood] may be appointed, the greater will be his value."—Gen. Lawton, 1898.

This is the record of a real man—a man who has done big things and who deserves your support when you go to the polls on Tuesday, April 13, to let the country know who you think ought to be president of the United States.
