IT'S NOT A JOKE

Certainly, the merchant or manufacturer can do without advertising, he can do without breathing, too. The result in each instance being about the same.

He may not die, in a business sense, but he cannot long live as a REAL business without the necessary means of publicity of some kind. And the right kind of publicity for a local store is the local paper.

We venture to say that on an av-

erage, and this is being conservative, each Reporter we send out is read every week by four people. We mail one thousand papers to our lists. This means that at LEAST FOUR THOUSAND people read the REPORTER EVERY WEEK.

Think, you Downers Grove people who are after business, who have investments here and are not only willing, but anxious, to draw trade, think what this means to you. Your announcement in our columns every week, will be in a medium that is read by more than four thousand people. Why it cannot fail. There is only one stipulation we make and that is—that you make your message to our readers interesting. Make the price interesting, the way the articles are described, the way the ad is arranged, and we will guarantee results.

What do we mean by an interesting ad? Look up the H. E. McAllister advertisement in this issue, that ad is interesting from the first line to the last.

If you want to learn a little more about advertising in the Reporter, just call Phone 188-J and ask a representative to call. He will come loaded with facts and figures.

WOOD VS. LOWDEN

From present indications the struggle for the Republican nomination for Chief Magistrate of the Nation, has simmered down to two. All that one can judge on the surface seems to point to the fact that it is either to be Frank O. Lowden or Leonard Wood.

Both have fine records, Wood in his own particular branch or army administrative work and Lowden as one of the best Governor's Illinois has ever had.

We are frank in saying that at the present moment we are for Lowden as we think he is the best man on the Republican horizon today for the high place to which he aspires.

However, we do not and cannot understand why all the bitter recriminations between the two camps. Both are Republicans, both are striving for the Republican nomination, and it is evident that should either get it, the other will turn around and work hard for his election.

The other aspirant, Senator Johnson, former Governor of California, seems to be almost up in the running. It will be one hot fight for the nomination and then another for the election.

May the best man win.

ASPIRANTS FOR STATES ATTY TAKE NOTICE

Charles W. Hadley Will be a Candidate for Re-Election to His Office.

Now, then, all aspirants to the office of states attorney of DuPage County take notice. Charles W. Hadley will be a candidate for reelection to that office this fall. A Progressive representative called on him this morning and he made the statement that he expected to be a candidate for re-election. Whatever "intimations" may be guessed at by politicians or newspapers in the county or out of it do not mean a thing definite, but the statement from the present incumbent does mean that if anyone else in the county of DuPage is after his job he is going to have a merry fight on his hands.

The prediction is made in certain circles that the states attorney will have a real fight on his hands. Who his hardest opponent would be is a matter greatly to be debated. As yet there has been no out and out statement made by any one that they will oppose Mr. Hadley.

Judge M. Slusser has come out with the flat statement that he will be a candidate for reelection to the circuit judgeship in 1921. Mr. Hadley stated that he would consider it a great honor to be elected to the

circuit bench by the people of the judicial district but he added "I do not expect to be a candidate for the office."

As to Mr. Hadley's appointment to the district attorneyship, it wasn't news to the states attorney.

Lewis Ellsworth will be a candidate for reelection to the office of circuit clerk. Mr. Ellsworth isn't a beating around the bush one bit in letting it be known that he will run again.

County Surveyor A. L. Webster in all probability will be a candidate for reelection. Friends of Dr. W. V. Hopf insist that he run again for coroner.

So, to date, the lineup of candidates for county offices is as follows:

States Attorney—Charles W. Hadley.

Circuit Clerk—Lewis Ellsworth.

Coroner—W. V. Hopf.

County Surveyor—A. L. Webster.

Politics Buzzing.

The above was printed in the Wheaton Progressive, who started something in their issue of the week before when they said "it is rumored that Mr. Hadley will not be a candidate for re-election as he is after the position of United States District Attorney for this district."

Not only is the political pot boiling in National affairs, but locally the people are beginning to wake up and understand that an election is to be held for County officers in the near future.
