Joe Mazza and Capt. Parker motored to northern Illinois and southern Wisconsin leaving Saturday night and returning Tuesday. It is said that Mr. Mazza has a bad eye from looking too long at a girl who wore yellow shoes.

You all know what a good actress Norma Talmadge is so don't miss seeing her in "The Woman Gives" at the Dicke Theatre July 15th and 16th. Moreover, the picture is just as good as Norma—that's saying something too.

She flapped right in and flapped right out and flapped right in again. Sounds like the story of the duck, doesn't it? But no, it's the story of how Olive Thomas flops out of one laughable situation right into another one. See "The Flapper" at the Dicke Theatre Saturday, July 10. adv.

Mr. and Mrs. H. S. Paine entertained at dinner on Thursday evening fifteen members of the Society of American Magicians in honor of Mr. Edward Reno, who performed at the Chautauqua here on that evening. Mr. Reno is one of the most popular members of that organization.

The Ladies Aid Society of the Congregational Church will meet Thursday, July 15 at 1:30 p. m., at the home of Mrs. Perkin, 111 Oakwood avenue. Mrs. Boon and Mrs. Harper will assist in entertaining. A cordial invitation is extended to all members and friends to attend.

One of the best things Mr. Bennett said in his wonderful lecture at the chautauqua on Saturday evening was "Pay your subscriptions." If Downers Grove people do not take any of the many other wonderful things he said to heart, we sincerely hope they will take this particular one.

The Tatapochon Campfire Girls held a ceremonial meeting and picnic supper on the Weinheimer lawn on June 29th. The beautiful grounds afforded an appropriate setting for the ceremony which took place immediately after a sumptuous feast had been served. A very enjoyable time was had by everyone present.

E. R. Dunnagan, Mr. and Mrs. C. G. Parks and Mr. and Mrs. Albert Nelson motored to Yorkville last Saturday night and spent two days fish-

ing on the Fox river. They caught quite a number of pan fish and saw some big catches of pickerel and of pike. They will go again in the near future and land some of the big ones for themselves.

Dr. Eneas B. Goodwin attended the funeral on Tuesday of the Rev. Wm. DeLaport, who was buried at Wheaton. Archbishop Mundelein of the Chicago diocese gave the benediction. For the past thirty-nine years Father DeLaport has been the pastor of the Wheaton church, preceding that he was pastor at Naperville for 10 years. Known as he was by every priest and layman of his faith in this vicinity, the funeral Tuesday was a large one.

LEGION TAKES TWO—DROPS ONE OVER WEEK END

Win Two From LaGrange—Lose to Hamlin Dodgers, a Semi-Pro Club of Chicago.

By Scribe.

The Legion team partook of three hot sessions of baseball last week-end. It was a week-end of success, winning two and losing one. The locals copped two hot tilts from the LaGrange team, winning the Saturday game 6 to 4 and the Sunday game 9 to 5.

The Hamlin Dodgers of Chicago, a collection of semi-pro's and ex-big league try outs triumphed over the locals in a great game, 6 to 3. The locals were considerably handicapped by not having a sufficiency of hurling material.

Saturday's game was peppy and fast and was more or less a pitcher's battle except for the numerous errors which counted for many hits. Altho the locals were puffed, they displayed a better brand of ball.

Sunday's game was a rather gruesome affair. The pitching of Matty, of LaGrange was the feature or a freak of the game. He used a slow "goof" ball which was so slow you couldn't hit it. Not once during his six innings of slabbing did he put a fast one in the groove. For the locals Langosch and Bruns did the hurling.

Monday's Game Best of Year. There is no doubt that the best

game of the year was played on Independence Day, it was a game full of thrills and good head-strong baseball. The Hamlin Dodgers are a real ball club and have some brainy players among them. The locals fought hard from the start but could not put the runs across. Several times they had men on the sacks with none gone and they failed to ship a man across the plate.

Cooke Star of the Game.

The Hamlin Dodgers have a third baseman of no mean ability. He played a stellar game. Not only was his fielding and handling of the sack good but his batting was rare. He travelled to the plate five times and each time registered. A home run, a double and three singles were the extent of his efforts with the stick which drove three runs across the pan.

Hamlin First to Score.

Ehninger started the twirling for the locals and was going good until the fifth when a home run, a double and a single pushed three runs across and drove him from the slab. Bruns was called in to finish the job. In the third Hamlin scored twice when Miller got a triple on several fluke bounces. His grounder was straight for Curtis but hit a pebble and leaped over his head. Klein went after the ball and it evidently struck another pebble for it went over his head for a triple. Sachs singled scoring Miller. After Sachs scored on a single by Cooke "Herb" tightened up and fanned the next two. Cooke got his homer in the fifth after Miller had singled. His blow sailed far over Hawkins' head and lit somewhere beyond the creek. A crowd of 600, (more or less, use your own judgment) looked for the ball but have not found it yet. With the bags full in the sixth Mochel tried for home but was flagged by Sachs. In the seventh Mrvicka doubled and scored on Nash's roller to short. Nash tried to score from second on Mochel's bingle back of short was thrown out.

The eighth inning looked like the big smoke but the rally ended with Nash taking three swings for the third out. Curtiss singled and went to third on Binder's double. Ehninger singled to left scoring Curtiss and Binder. Mrkvicka got on by an error and Nash finished the inning. That was all the excitement for the day.

Two base hits—Cooke, Frecko, Binder, Mrkvicka. Home run—Cooke. Three base hit—Miller. Struck out, by Ehninger—5 in 5 innings; by Bruns, 4 in 4 innings. 1st base on balls, Enninger 1; Bruns 1; Erickson 1. Double play—Carpenter unassisted.

WEST CHICAGO FOLKS PROVE TO BE HIGH FLYERS

Many Soared Aloft in Airplane at Ten Dollars a Hour Last Sunday.

West Chicagoans are high flyers. This is attested by the fact that the airplane which went over from Aurora Sunday to carry passengers at ten dollars per carry did a rushing business all day long. At times there were as many as five or six awaiting their turn to go aloft. The plane is the property of four Aurora young men who bought for this purpose.

The youngest to view West Chicago from the skies was Worth Norris son of Mr. and Mrs. E. L. Norris. He is the hero of all the kids in town today. The oldest was D. E. Wright, and D. E. enjoyed every minute of it, if anyone should ask you. Two young ladies took the trip too—Stella Wurtz and Alice Gregory. In all 25 flights were made during the day.

RIEDY—BANNISTER

On Wednesday, June 30th, Miss Coletta H. Riedy of Lisle, and Mr. D. L. Bannister were united in the holy bonds of matrimony at St. Peter & Paul Church. Rev. Herman Ezell performed the double ring ceremony. Little Louise Rechenmacher, as flower girl, wore a dress of pale blue organdy and lace. Marie Riedy, a sis-

ter of the bride, wore ruffled net over pink silk foundation and carried pink roses. The bride's gown of white charmeuse was embroidered with metallic beads. Her veil was held in place with sprays of forget-me-nots and she carried a shower bouquet of white roses and sweet peas.

The groom was attended by Emmett Riedy as best man. George Wilhelm of Joliet, and Dewey Riedy acted as ushers.

Ninety-five relatives and friends of the couple attended the reception and enjoyed the day at the home of the bride's parents on Center street.

The happy couple have gone for a two weeks' motor trip to Early and Carol, Iowa, where they are visiting relatives. They will be at home to their friends at their home at 32 Columbia ave., Naperville. —Clarion.

THE BROAD VIEW

By H. F. C.

It is the little things that count in these days. The little things that perhaps slip by the average observer during trying times. But they exist just the same.

For instance — scattered around over the suburban territory of the Chicago Telephone Company, are dozens of small Telephone Exchanges. Some very small, in fact, tiny would better describe them. The amount of business done in these dozens of small and tiny exchanges would not fill a fair sized pill-box and the profit requires a microscope to find it.

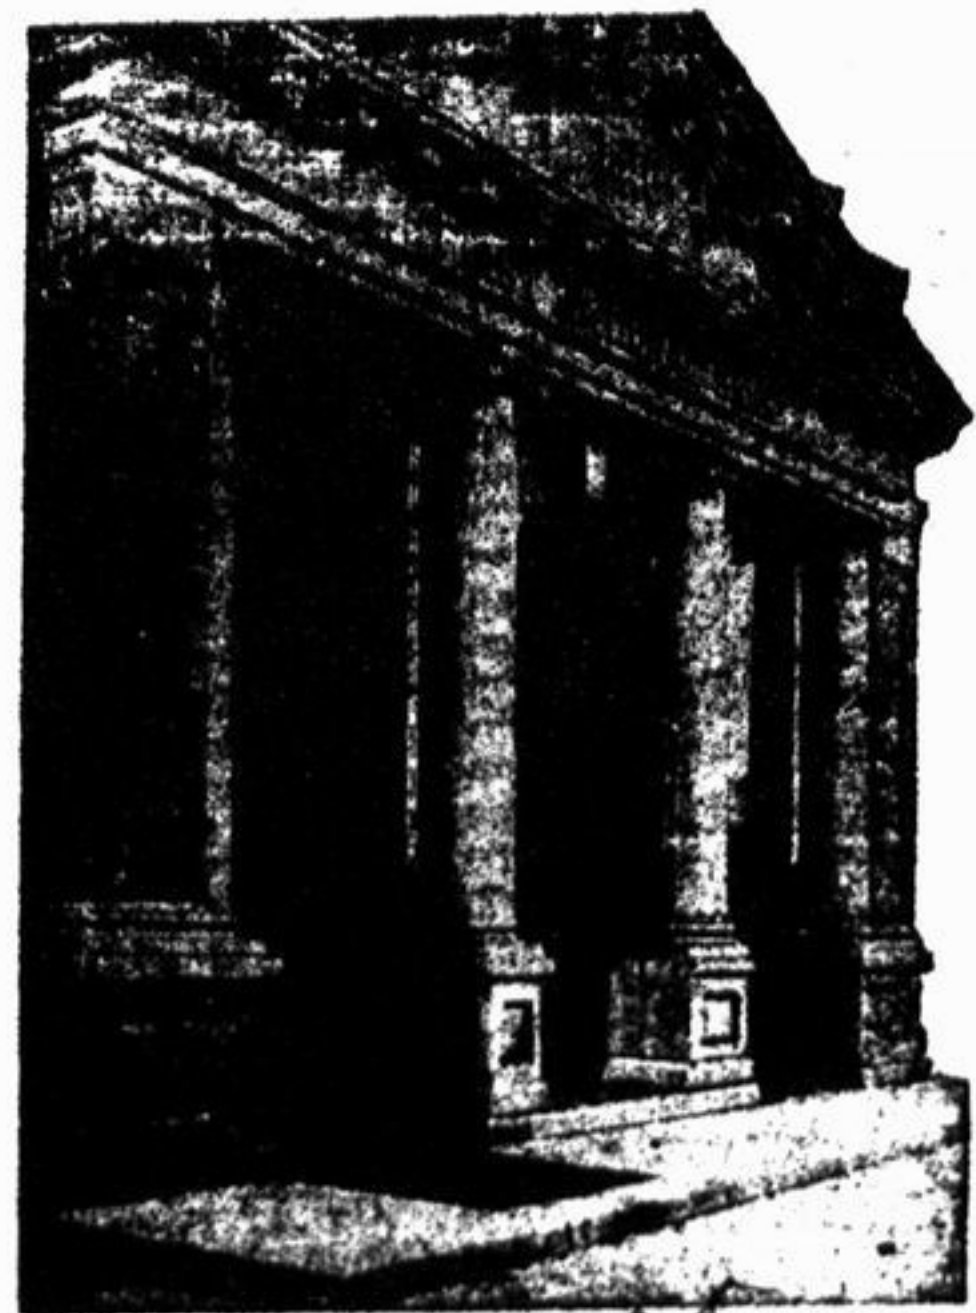

But this continuous chain of dozens of tiny, small and large exchanges make the Big System, and provide the same facilities for local and long distance, as can be obtained in the biggest city.

In maintaining a Telephone System, rates are adjusted to equitably fit conditions.

If a representative of one of the largest telephone users in the biggest city, required service in one of the smallest exchanges in the merest hamlet, the Telephone System has anticipated the need. It is there in a tiny exchange.

In order to maintain this chain system of exchanges and provide facilities and pay help, an adjustment of rates is necessary. It is the little things that count. A little willingness by every subscriber, to agree to an adjustment in rates and the big, broad Telephone System can be upheld for public service. Advertisement
