FRANKLIN PRINTING PRICE LIST IS PRINTER'S FRIEND

Five printers in DuPage County have now leased the "Franklin Printing Price List" and find it a real friend. No more do they "guess at" what a job will cost. They simply look it up in the book. The list is fair, not only to the printer but to the customer. Needles to state The Reporter is numbered among the five.

Look This Over

A triple register furnace that gives you plenty of heat without drawing all the cold air in the house to the center of the room. This is the ideal warm air heater and gives the best results of them all.

We have installed a lot of these plants in and around Downers Grove and they have proven satisfactory in all cases.

Come in and let us explain the advantages of this heater and give you prices.

All our registers cut and fitted by real carpenters and the furnace work done by the highest class of men in this line.

We draw the cold air out of your home by two separate cold air registers which are so placed that we get it all which means a good even heat in all parts of the house.

These cold air returns are placed in a position that is the most desirable for your particular home and are not set in the same place on all jobs as is done in most cases.

ALONE with the tempter on the summit of a mighty Alpine peak, she listened to his pleadings: "Your husband does not love you—why should you love him?" What did this lonely, unhappy, neglected wife do? Did she rebuke him for his daring—or did she acknowledge that it was true. Or did she find a way to win back her husband's love? Most of all, what did the husband do when he and the other man were at last alone? See "BLIND HUSBANDS" and you won't be able to take your eyes for one second from the screen while you watch this tremendous human drama unfold in the midst of the most wonderful outdoor settings. Now playing. Don't miss it. Eric Von Stroheim's Wonder Play
