

LEGION AUXILIARY  
COMPLIMENTED FOR  
WORK THEY ARE DOING

Last Tuesday afternoon the Women Auxiliary to the American Legion held a very interesting meeting. The speaker, Mrs. Thorne, of Berwyn, gave an interesting account of the work she has been doing to keep up the morale of the wounded soldiers in the hospitals. She complimented the Auxiliary on the progress they have made and was more than pleased with the results obtained.

She has visited a great many chapters and says our Auxiliary here has done more work and is farther advanced than any she has visited.

Mrs. Thorne dwelt on the necessity of visiting the hospitals and taking cheer and smiling faces to the boys who for many weary months have been trying to win back health lost while serving you and I in the army and the navy.

Miss Savage, another visitor, told of her wonderful experiences overseas, adding her bit to a very fine meeting.

A delegation of ladies from Naperville was present to get ideas on how and what to do.

Members who have visited the boys at the Naperville Sanitarium also reported.

Mrs. J. W. Nash will visit the boys Friday afternoon and will be glad to take any donation down to them that local people would like to send to make their Christmas a happy one. People wishing to send anything can leave it with her Friday morning.

Refreshments were served at the end of the meeting Tuesday as a fitting climax to one of the most interesting sessions yet held by the Downers Grove Legion Auxiliary.

WHEN THE PAPER  
DOESN'T COME

My father he says the paper he reads ain't put up right. He finds a lot of fault, he does, perusin' it all night.

He says there ain't a single thing in it worth while to read, And that it doesn't print the kind of stuff the people need.

He tosses it aside and says it's strictly on the bum— But you ought to hear him holler when the paper doesn't come.

He reads about the wedding and he snorts like all get out; He reads the social doin's with a most derisive shout.

He says they make the papers for the women folks alone.

He'll read about the parties and he'll fume and fret and groan; He says of information it doesn't contain a crumb—

But you ought to hear him holler when the paper doesn't come.

He's always first to grab it and read it plumb clean through.

He doesn't miss an item or a want ad—that is true.

He says they don't know what we want, the darn newspaper guys, I'm goin' to take a day off some time an' go and put 'em wise;

Sometimes it seems as though they must be deaf, blind and dumb— But you ought to hear him holler when the paper doesn't come.

BEG YOUR PARDON

In the account last week of the election of officers of Grove Lodge No. 824, A. F. & A. M., we omitted the appointment of the following by the W. M.:  
Chaplain—Chas. E. Knoblauch.  
Organist—Emery M. Brunson.

In announcing the birth of a daughter to Mr. and Mrs. Jay Allison we said her name would be Constance Jay, this should have read Constance Jordan and the little lady has our apologies.

Hard Work to Make it;  
Long Laughter the Result!

One of the many funny scenes in "A Fresh Start," the Mermaid Comedy, which is a part of the bill at the Dicke Theatre, Christmas Day, shows a couple of men escaping from prison wardens by burrowing underground. In the picture they are seen making progress at a rapid pace, but in order to make this effect there has to be more than 18,000 exposures. Even the strongest man cannot burrow at the rate of sixty miles an hour and therefore, shot after shot had to be taken and then speeded to supply the rapid action necessary. It is another example of the hard work in fun-making for the screen. adv.

Drying Shoes.  
To dry wet shoes quickly stuff them with paper and put near the fire, though not close enough for the leather to burn.
