make the play the success it was and on Friday night as a token of their appreciation, the Library Board presented Miss Newton with a bouquet of roses and Mr. Rogers with a smaller one. Stanley J. Brown made the presentation in spite of a case of stage fright.

The stage fright was justified however, but this is another story which, no doubt, can be gleaned from Stan Brown, Henry Tank, Howard Jones or Burr Downes, after skillful questioning.

Elmer Uhlhorn deserves a great deal of credit. He donated his theatre not only for the performances but for all the rehearsals without charging a thing. Ben Thulin and scene and the costumes were made by

members of the company. Taken all in all, it was a great success. The Library is money ahead, the principals can reet that they have done their bit for the village and those who saw the show received two dollars worth for fifty cents.

ELIAS DAY.

Elias Day has been recognized for years as the greatest entertainer in his line in America. With quick-change make-up and costumes he presents an entertainment that is marvelous in its variety and transitions.

When Mr. Day presents a character he seems to have disappeared from the stage, so perfect is the representation. The audience forgets that Mr. Day is there until the make-up and costume are removed.

Only a part of Mr. Day's time is given to the platform. He devotes the remainder of it to the Elias Day School of Lyceum Art where he instructs readers and musicians aspiring to lyceum hon-
