FIRE! FIRE! FIRE!

What's that? Fire! Sniff-sniff-sniff. I don't smell any smoke. O, gee, it's three o'clock, I'm safe, guess I'll go to sleep. Hope its none of my friends home. I'll be d— if I'll go out on a night like this let the volunteers have the thankless job. I don't care how they get there or how they get along, it's the other fellow's home. Snore.
That is what the average person seems to think of fire protection. Yes that kind of a human being donates a dollar or two but—when his home catches fire you ought to hear him holler. Hollering would be mild, he screams. Most people seem to think they are especially privileged characters that fire is a friend of their's.
Better help pay for the truck lest the present fire department gets tired of trying to help you and passes the job to another set of fools—this is what you seem to think they are.

A FUN SPEEDSTER WHO SETS A NEW LAUGH RECORD TORCHY IN HIGH
From the Story by SEWELL FORD WITH JOHNNY HINES 2 RAPID REELS

Did Dog Suggest "Shimmy?" Any Way. This One Does It

According to Johnny Hines, the celebrated musical comedy comedian who is starred in "Torchy In High," third of the two reel comedies made from the stories of the red-headed office boy, the "shimmy" dance that has stirred so many protests got its origin from watching a dog shake and shiver after he had been in the water. Whether that is true, a dog actually does the "shimmy" in "Torchy in High" which comes to the Dicke Theatre Saturday, March 12. But the dog who provides this bit of laughter has a stage reputation all of its own, for he is "Spooks," a diminutive fox terrier who commands a high salary for his master with a vaudeville act, where he is billed as "the modern dancer."
"Spooks" gets more laughs through the comedy when he essays the role of a "bloodhound" in tracing the stolen automobile for Auntie's French Chauffeur.

BUILDING HOMES IN DOWNERS GROVE

Arrangements have been completed for building homes for clients in Bunge's Subdivision, West Maple ave. and for loaning money with which to build, to those who require it. Home folks will be given the preference and unusually liberal terms made. The moral risk and desirable neighbors will be the first consideration and the earning capacity of the homebuilder.
Building restrictions will be enforced in order to prevent the construction of unsafe or undesirable buildings and everything possible will be done to make this subdivision the most attractive in this part of the country. A complete drainage sewer system has already been installed and the streets graded. Gas mains are in, extending past the entire frontage of the property and arrangements are now being made for water and electric light.
Brick paved streets and cement sidewalks lead directly to the property, ten minutes walk from the station. Edward G. Lemon & Co., 2nd floor of the Farmers & Merchants Bank Building will be glad to explain in detail all particulars in connection with this progressive enterprise. They have secured plans, pictures and photographs of several hundred modern houses and bungalows for the information and convenience of people interested in building or home planning and want everyone to feel free to make the fullest use of them. All are invited to call and examine them. Some may be taken home and studied at leisure. See what is being done in modern, artistic and practical home building and plan your own home accordingly.

MEMBERS TO HELP IN SHAPING FARM PROGRAM FOR YEAR

Survey Sheets in Hands of Farming Population to be Treated Confidentially.
Efficient service to every member is to be the aim of the DuPage Co. Farm Bureau in the coming year. The Farm Bureau is primarily a service organization. Efficient service in the opinion of the Executive Committee requires a program of work for the year.
With this object in mind every bureau member will be given an opportunity this week to help shape the county program and to indicate any special service he wants. These survey sheets are to be filled out Monday and Tuesday, March 14 and 15, and returned to the bureau office.
Information from each individual farmer will be confidential and only the summary as prepared by the Program of Work Committee will be made public. Cooperation on the part of every member will insure complete information upon which may be built that will best meet the needs of the county.

ONE B. L. T. MISSED

It is very seldom that B. L. T. of the Chicago Tribune ever misses a really good thing which comes out in the papers, his large staff of unpaid scouts seeing to that. However, he missed a good one in his own sheet last week. The ribbon head across the front page read "Everything All Right"—Harding. Then in the center column of the front page was a heading in a box to the effect that the new executive would inherit the White House cellar which hadn't been touched since befo' the wah. Our inspired comp. lamping the connection between the two heads, said, j. l. t., "No wonder everything's all right." And in the arid year of 1921 we can but agree with him.

Bright.
You can't always tell how sharp a fellow is until you sit on his point of view.—Cartoon—Magazine

WRITES A BOOK FOR CANCER PATIENTS

(ADVERTISEMENT)
A book which should be read by every person suffering from cancer has been published by Dr. O. A. Johnson, eminent cancer specialist. This remarkable book tells the truth about cancer and its treatment without cutting.
Dr. Johnson is today one of the foremost in the study of cancer. He conducts in Kansas City, Mo., a large, fully equipped Research Laboratory, and has treated many sufferers in the past twenty years. This treatment is entirely non-surgical, as the knife is not used at any stage. Purely medicinal measures only are employed; that is, external applications to destroy the cancer and internal medication to purify the blood. Hundreds of patients testify to the success of the Johnson Laboratory.
"Cancer Truths," Dr. Johnson's book, will be sent free to any sufferer or friend. Delay should be avoided. Address Dr. O. A. Johnson, Suite 565, 1324 Main St., Kansas City, Mo.
