

NEWSY NOTES FROM LISLE AND BELMONT

A vaudeville entertainment will be given by the men and women of the Advance Bible Class on Friday evening, April 8th, at 7:30, Standard Time. The program will consist of six, twenty minute sketches, two solid hours of fun and nonsense. Tickets may be obtained from any of the members of the class. Admission for adults is 35 cents and for children under 12, 20 cents. You are advised to get your tickets early as only a limited number will be sold. It will be a show worth going miles to see.

The executive committee of the Lisle Community Club met at the home of Rev. and Mrs. Anderson, on Monday night and appointed the following committee chairmen: Program, Henry Duell; Social, Mrs. A. Porter; Fair, Mr. W. A. Rogers; Publicity, Mr. A. Porter; Local Improvements, Mr. E. E. Bain.

These committeemen are looking forward to another pleasant and beneficial year. Plans are being made for an even bigger and better Fair than that of last year. It will probably be held in September. It cannot be a truly successful Fair unless the people of the community and of the county get back of it and help to make it such. Plan your exhibits early. Plant your garden aiming to exhibit some of your vegetables. Be a booster!

We will undoubtedly be all jumbled up again this year on the subject of time. As I have read, the guys responsible for this stunt should have been present at the establishment of time some years back, and have made their plea at that time, instead of endeavoring to right a supposed wrong at this late day.

children is giving way to more modern ideas and that teaching from actual objects appeals to most children and wipes out the drudgery.

She closed her instructive talk by saying "Illinois is the second richest state in the Union and the twenty-fourth in the order of its appropriation for public education."

We then were entertained by "The Eagle Tribe" nine little "Indians" from the kindergarten sang Indian songs and exhibited their home made musical instruments, made of sticks, willow twigs, boxes, stones and etc. The music was weird, but interesting, and was followed by an Indian dance.

More duets from our kindergarten friends concluded the program. Club members always gladly welcome kindergarten delay.

BOWLING LEAGUE RACE CLOSE AS FINISH NEARS

Three Teams Fighting for First Place—Only One Game Separates the Leaders.

Three teams are fighting for first place in the Downers Grove Bowling league with the finish within striking distance. Klein's Richelieus have a slippery hold on the key position being separated from the East Ends by only one game. The American Legion five are third with three of their games postponed with Swearingin's Pace Makers. Winning these three would put them up tied for second place with the East Ends. This makes the finish of the league one of the most exciting ever seen in the village.

The Business Men's League ends

on March 29th. The Dicke Theatre have a cinch on first place, the Curtiss Theatre and Puffer Pharmacy five fighting it out for second and third place. Clarke's Clean Ems, the Odd Fellows and the Downers Grove Reporter are all bunched and fighting for fourth, fifth and sixth place. The standings and results of last week are as follows:

WOMANS CLUB NOTES

The general meeting of the Downers Grove Womans Club, held Wednesday afternoon, was well attended, as a very attractive program was scheduled, the entertainment being in charge of Miss Lucia B. Morse, Director of the Kindergarten.

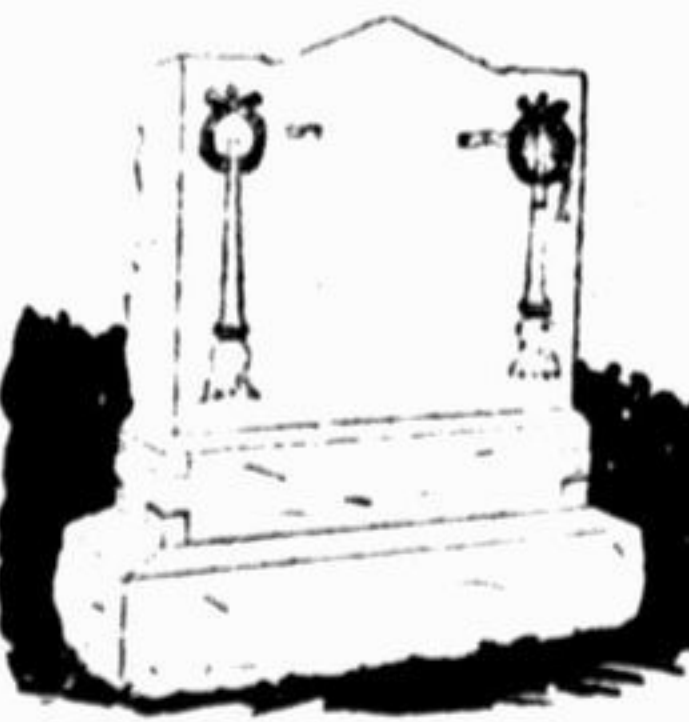

After business matters were disposed of the program opened with piano and violin duets rendered by the Misses Potter and Winslow, of the kindergarten force, who responded with an encore.

Miss Morse then gave a wonderful talk on "Modern Education" in which she said, "It is a dangerous thing to be entirely satisfied with any human condition of being, this does not mean that a continual state of discontent is to be encouraged, but it does mean that we cannot at any time afford to settle down to rest in what we have attained with a feeling that there is nothing more to accomplish in that line."

She also stated that the old idea that what was good enough for one generation was good enough for their

Telephone Attachments

Telephone attachments are being peddled in a miscellaneous manner throughout the country and are purchased by many subscribers and attached to their instruments. Generally these so-called "helps," disinfectants, etc., are of little account and frequently injure the service more than they improve it.

Many of these devices get the lines and instruments into trouble, whereupon the Company, to protect its service, is obliged to remove them.

Rubber earpiece attachments do not increase the sounds received, and often make it impossible to hang the telephone properly upon the switchhook. As good results can be obtained by covering one ear with the palm of the hand.

Telephone instruments, necessarily very sensitive and intricate, have been designed to produce the best results as they are. In the interest of good service, subscribers are requested to permit no attachments of any kind to their instruments.
