THE PLEDGE OF THE AMERICAN LEGION

Many representative citizens of Downers Grove have shown their increased interest in the American Legion, by their inquiries as to its origin, aims and objects.

They know its constitutes an organization of ex-service men, but are desirous of hearing more regarding the foundation and principles of the organization. They have seen from the extent of its verile activities in local, state and national affairs that there must be some unusual incentive responsible—and their surmise in this respect is eminently well founded.

Shortly after the signing of the Armistice representatives of the entire A. E. F. met in Paris for the Purpose of forming an organization representing all the soldiers, sailors and marines that took part in the World War.

The leading motif prompting these representatives of the fighting forces of Amreica, was to assure the continuance through civil life of the same spirit of service to the nation that they had so freely given during its hours of strife.

From such a spirit was crystalized the historic preamble to the Constitution to which all Legionaires are pledged.

Herein you will find the bed-rock principles, upon which all Legion progress has been founded. Herein you will find the answer to all citizens who ask to know what unusual incentive has given birth to such an organization as "The American Legion."

Preamble to the Constitution:
"For God and Country, we associate

ourselves together for the following purposes:

"To uphold and defend the Constitution of the United States of America; to maintain law and order, to foster and perpetuate a one hundred percent Americanism; to preserve the memories and incidents of our association in the Great War; to inculcate a sense of individual obligation to the community, state and nation; to combat the autocracy of both the classes and the masses; to make right the master of might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of justice, freedom and democracy; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness."

TOWNSHIP ELECTION NEXT TUESDAY

An election will be held next Tuesday for officers for the township of Downers Grove at which election one Supervisor, one assistant Supervisor, four Justices of the Peace and four Constables will be elected for the next two years.

James McClintock of Hinsdale, is the only candidate for Supervisor. F. J. Littleford is the only one for Assistant Supervisor and both deserve re-election to the County Board. Downers Grove has two candidates for the office of Justice of the Peace, J. W. Tucker and R. D. Blakey, but as there are two to be elected for the village there is no contest.

George Hoffert is the only local candidate for Constable and as he has held that office for a number of years is familiar with the duties attached thereto.

Telephone Attachments

Telephone attachments are being peddled in a miscellaneous manner throughout the country and are purchased by many subscribers and attached to their instruments. Generally these so-called "helps," disinfectants, etc., are of little account and frequently injure the service more than they improve it.

Many of these devices get the lines and instruments into trouble, whereupon the Company, to protect its service, is obliged to remove them.

Rubber earpiece attachments do not increase the sounds received, and often make it impossible to hang the telephone properly upon the switchhook. As good results can be obtained by covering one ear with the palm of the hand.

Telephone instruments, necessarily very sensitive and intricate, have been designed to produce the best results as they are. In the interest of good service, subscribers are requested to permit no attachments of any kind to their instruments.
