Home Made Goodies to be Sold in Dicke Theatre Lobby on Saturday.

Mrs. C. H. Dicke and Mrs. C. H. Staats are formulating a plan to make a little money for the fire truck fund with a bakery sale.

It will be held on Saturday afternoon, April 16th, in the lobby of the Dicke Theatre and home made goodies of all kinds will be on sale. Several of our best bakers have already said that they will be glad to bake something for the affair and it is thought that considerable money will be raised by this means.

If anyone wishes to donate any bakery goods for the sale if they will call either Mrs. Dicke at 50-R or Mrs. Staats at 188-R they will be glad to send for it. If the goods are not sold, they will be returned.

### NEED A MAN TO WORK 'ROUND THE HOUSE? CALL MIKE

Mayor Barber Says Many Vagrants Are Not Just "Hoboes" And Will Work.

Mayor Barber says that many men are now coming through the village on the annual migration from the

city to the country and that their numbers are augmented this year by the slack times in the big industrial centers.

It is his opinion, gained from talking with several of these men, that all of them are not regular "bums." Some of them will work if given the chance and not only will, but are anxious to earn an honest dollar. The Mayor says that if any people in the village have one or two days work for these men, they can be accommodated by calling up Mike Vonard, Chief of Police, and leaving their names and address. The chief will see that the help is supplied.

**A Possible Ancestor.**  
J. W. Gilby, a scientist of the Smithsonian institution, has dug up a possible ancestor of man in central Montana. That is to say, he came across the skull of a small animal which unquestionably belongs to the great tribe that includes ourselves and the monkeys. The teeth prove it. The animal was not, however, a monkey. So far as known, there never were any monkeys within the limits of what is now the United States.

**The Wonderful Tigris.**  
From Bagdad to the sea, more than 600 miles, the Tigris is navigable for any boat not drawing more than about eight feet. River steamers go to Bagdad, though they often run aground on the shifting banks.

Protect Your Wife and Children  
—by naming this bank as executor of your will  
The management and settlement of an estate, especially where a trust is involved, is a task requiring the exercise of mature judgment based on wise business experience. These qualifications are more apt to be reflected in the combined judgment of the officers and directors of a trust company than in the judgment of an individual.  
For obvious reasons an established and reliable bank situated in DuPage County is better qualified than a non-resident corporation to serve the residents of this county.
