DRAINAGE DISTRICT A BENEFIT

On Saturday, May 14th, residents of Downers Grove and vicinity will vote on the establishment of the "Downers Grove Drainage District." This is one of the most vital questions which has come before the electorate of the community in years and should receive the hearty support of everyone in the proposed district.

The boundaries of the proposed district are roughly from the Plank Road on the north to a point about a quarter mile south of the village limits and from the Belmont Road to east of the Westmont depot. The legal description was published last week. Every voter living within the confines of the district is eligible to cast a ballot at the election. There will be two polling places, the Village Hall for those living south of the Burlington and J. W. Tucker's Real Estate Office, for those living north.

The district will care for the sewage disposal and the disposal of surface water and the draining of low places in the area described. It will benefit, not only those living in the village, but also the people who reside outside the present limits. The State is forcing the village to construct a new sewage disposal plant to take the place of the one near the gravel pit in the south woods which has become wholly inadequate for our present needs. This new addition to the sewer system would be necessary even if the proposed district did not carry. As it is now, only property within the village would be assessed for the improvement. With the proposed district a fact, all the property within the district would pay for the new sewers and plant. In this way both those outside and those inside the village benefit, as the sewers already laid will be connected up with the territory outside the limits.

There is absolutely no question of the importance of the proposition and it should have the undivided support of all at the election May 14th.

ELMER UHLHORN SOLD BUSINESS TO GEORGE ZARN

New Owner of Dairy Takes Possession on Next Sunday Morning.

Elmer H. Uhlhorn has sold his dairy business to George Zarn and the new owner will take possession on next Sunday morning.

Mr. Zarn will not be a stranger to most of the customers along the route as he has been employed by Mr. Uhlhorn for over a year. He is familiar with the trade and should make a success of his new venture. Along with the route Mr. Uhlhorn has transferred the lease on the house where he has been living at Curtiss and Washington streets to the new owner. It has been fitted up for the dairy business and is a necessary part of it.

SCHOOLS PRESENT PAGEANT MAY 5TH AT NORTH SCHOOL

(Continued from page one)

There will be the dance of the Flowers, Butterflies, Bees, Brownies, Demeter's Maidens in a Scarf Dance, Sacrificial Dance, Dance of the Nymphs and of Persephone. Mercury and Persephone and Mercury will also dance besides the chorus work. The general public is invited to witness the fete.

ANNUAL HOLSTEIN FRIESIAN SALE AT WHEATON MAY 6-7

75 Cows and 50 Bulls Are to be Auctioned at the Jarvis Hunt Pavilion.

May 6th and 7th are the dates of the annual Illinois Holstein Friesian Association sale, to be held at the Jarvis Hunt pavilion in Wheaton, E. M. Clark of Wheaton, with the Illinois Agricultural Association, is the chairman of the sales committee.

125 head of cattle are to be sold: 75 females on the first day and 50 bulls on the second day. Forty-six prominent breeders are selling.

Most of the cattle come from herds under federal supervision and are sold subject to a 60 to 90 day tuberculosis retest.

It is the first bull sale in the state held under the auspices of the Holstein Friesian Association. Another unusual feature is the fact that a year's time is to be given on payment for bulls.

FRANK ROGERS TALKED TO 6TH GRADE TUESDAY

Commander of Local G. A. R. Post Responded to Invitation of the Scholars

Frank A. Rogers, Civil War veteran, Commander of Naper Post, G. A. R., and one of the oldest residents of the county, talked to the pupils of the sixth grade of the south side school Tuesday morning.

This class is studying the American Indian and desiring to know more about them at first hand, invited Mr. Rogers to talk before them. The invitation was signed by every member

of the sixth grade and was taken to him by two of the little girls of the class.

Mr. Rogers told them of the life of the Indian as he saw it in the early days and of the stories told of them

by men who were the first settlers in this region. He told of the hardships suffered by the early pioneers of this community and a little of the history of the village.

Mr. Rogers has written several

articles for The Reporter telling of early Downers Grove days which have been enjoyed by our readers. Three other articles are in the course of preparation and will be published soon.

You Will Want Quantities of these Wash Fabrics

These are just the sort of fabrics that every woman likes to buy in quantities for summer wearables. Included are Dainty Voiles, Organdies, Fancy Dress Gingham, Tissue Gingham and Imported Dotted Swisses. The patterns and colorings are so striking and interesting this year—and they are extremely practical as they launder exceptionally well.

You will have no trouble selecting all you need for dresses, blouses, hats, and trimmings, not to mention the sturdier gingham for aprons and house dresses, varieties are larger and prices happily reasonable.

Printed Voiles, 60c to	\$1.75
Imported Dotted Swiss	\$1.95
Ginghams, 25c to	\$.85
Imported Organdie	\$1.50
White Goods, 25c to	\$1.00
