

LIVING SOLDIERS PAID TRIBUTE TO DEAD ON MONDAY

(Continued from Page 1)

led by the gobs, leather necks and doughboys of the World War in charge of Jay M. Allison, Commander of the local American Legion Post.

Starting from the high school the line of march led the paraders to the home of Eugene W. Farrar in West Maple avenue near Carpenter. Mr. Farrar is a loved member of the G. A. R. and the fact that he was not physically able to participate in the Decoration Day observance saddened him.

The balance of the line of march was to Carpenter street, north to Curtiss, east on Forest, north to Franklin, east to Main and south on Main to the cemetery.

Following the services in the cemetery the marchers proceeded to the Legion rooms at Belmont and Forest where the Woman's Auxiliary of the Legion had prepared refreshments. That ice cold lemonade, ice cream and cake which was in readiness certainly hit the spot.

Ending the program for the day was the band concert and community sing at the corner of Forest and Warren. Let by the Rev. Newland, the songs which had been sung so often by the veterans of the Civil and the World War were sung with a fervor and feeling by those present.

ELMHURST COLLEGE "GOLDEN JUBILEE" IS NEXT SUNDAY

Memorial Library Being Built to Commemorate Soldiers Who Gave Lives in War.

The Golden Jubilee of Elmhurst Academy and College will be celebrated Sunday, June 5th, 1921, on the college campus. The morning worship begins at 10:30 a. m. The speaker at this service is the Rev. J. Balzer, D. D., of St. Louis, Mo., President General of the Evangelical Synod of North America.

The Student choir of Elmhurst and the church choirs of Friedens Evangelical Church, Justine St. and 52nd St., and the St. Peter's Evangelical Church, Cortez and Oakley Blvd., of Chicago, will render special anthems for the occasion.

The committee for arrangements consists of the Rev. G. Niedergesass, the Rev. F. H. Krohne, the Rev. H. E. Lambrecht of Chicago, and the Rev. Wm. Grotfeld, Downers Grove.

Special trains from Chicago will bring the guests out to Elmhurst. The special train of the Chicago & Northwestern leaves the Main station at 8:50 a. m., Chicago time, and the special trains of the Elgin, Aurora

& Chicago Electric leave the station in Wells st., and Jackson Blvd. at 9:00 and 9:30 a. m. and at 1:00 p. m., Chicago time.

Elmhurst Academy and College was founded in 1871 by the Evangelical Synod of North America. The Evangelical Synod today has only one other institution of higher learning, and that is Eden Seminary at St. Louis, Mo. Elmhurst College with a student body of about 150 young men is typical of the third stage in the growth of the Evangelical Church, the period of rapid development of the church.

Part of the present land owned by the college, viz. ten acres, is a present of the late Hon. Thos. B. Bryan of Elmhurst. The whole college campus now comprises thirty acres of land.

In the year of Golden Jubilee a new building will be added to the fine buildings already on the grounds, a Memorial Library, which is being built in honor and memory of the soldiers of the Evangelical Church who gave their lives for their country in the late world war. A generous donor gave an initial gift of \$10,000 towards the memorial library and the Evangelical League furnished an additional sum of \$45,000.

Elmhurst Academy and College has a faculty of ten professors and teachers. The present president of the institution is the Rev. H. J. Schiek.

"ALL STARS" AND ST. JOSEPH A. C. WIN AND LOSE

Owing to the failure of the Cicero team to show up last Saturday for their scheduled game with the St. Joseph A. C. nine a pick-up team calling themselves the "All Stars" filled in. The Stars numbered in the line up such players as Jack Denny, O. Johnson, Bill Smith and Jim Karesh, who plays semi-pro ball.

Two games were played, the first being a weird exhibition neither team

seeming to get down to business. The batting on both sides was about equal but the better fielding of the Stars gave them the victory. Baron pitched a good game for the A. C.'s but received poor support. The Stars changed pitchers so often that no one could keep track. Bill Smith was in his usual good form and kept the fans laughing. It is rumored that he

has refused numerous offers to put his stuff on the vaudeville stage. Brady pitched the second game for the A. C. and was hit freely but the infield tightened up and showed a little of the snap that enabled them to win from Hinsdale the Sunday before. The scores were: First game—All Stars, 14; St. Joseph, 8. 2d Game—St. Joseph 9; All Stars, 7.

GAS---A NECESSITY Oil and bituminous coal are the two chief items of raw materials used in the manufacture of artificial gas. Suppose they should cost so much that 1,166 artificial gas companies in the United States could not operate without huge losses. Suppose these companies were forced to close down their plants and to shut off the supply of gas for even a single day? What would happen? Immediately the lives of more than fifty million persons in America who depend upon gas for cooking, heating, lighting, and industrial purposes would be vitally affected. Their homes would be darkened at night. Their meals would be served uncooked or cold. Their rooms would be cheerless. The bath would become an icy plunge. Laundry and kitchen work would be a drudgery. And outside the home thousands of big industrial plants would be crippled. Weigh these facts carefully and you will realize what a tremendous part artificial gas plays in modern civilization. It is the very life blood of 4,600 of our most prosperous cities, towns and villages. IT IS A NECESSITY. Western United Gas and Electric Company

Ford THE UNIVERSAL CAR Out of the more than 3,000,000 Ford cars now in use, about sixty percent have been sold to farmers. Probably no other one thing has brought to the farm so much of comfort and profit as has the Ford car. It has enlarged the social life, doubled the facilities for marketing, brought the town next door to the farm; multiplied for the farmer the pleasures of living. A family car without an equal in low cost of operation and maintenance. We solicit your order for one now because the demand is large and continually increasing.
