Downers Grove Reporter OFFICIAL PRO-

Esseed every Friday morning from the office of the Downers Grove Publishing Company, 37 North Main street, **Downers** Grove, Illinois.

C. H. STAATS, EDITOR

Entered at the Downers Grove Post ler, Bryce and Heartt. Office as second class mail matter. Advertising rates made known upon 1921, were read and Commissione application. Subscription rates \$2.00 Bender moved to approve same. C per year. Single copies 5c.

MICKIE SAYS

THE SANITARY DISTRICT

An election has been called for Saturday, July 9th, by the Board of Trustees of the Downers Grove Sanitary District. On this day the voters of the district will be asked to grant this Board power to increase the tax rate one-third of one per cent and issue bonds in the sum of \$75,000.

The bonds are for the construction of sewage disposal works and a connecting sewer to cennect the present village sewer system with the works. The tax money will be used for the preliminary expenses.

Both of these propositions are necessary and both of them should receive the united support of the voters of the district. The Board is entering into the task ahead of them with a vigor which promises that this community will have the right kind of a sewage disposal plant, something vitally necessary to the health and well being of all. They should have our unqualified approval of what they are trying to do.

THEY FORGET 4 CENT SUGAR IN 75 CENT CANDY

We hear a voice crying in the wilderness of deflation. It is the wail of the great national candy manufacturers, lamenting because they have to make their product, which contains, as one of its ingredients, sugar that cost them 25 to 30 cents a pound not many moons ago. They I weep as they tell us of the "great business tragedy" that compels them to "put 30 cent sugar into 20 cent candy."

We sympathize with them. But we cannot help but give our first sympathy to our neighbors, the farmer who suffered more severely than they and our town business men who had to sell goods for 20 cents that they paid 30 cents for.

Our neighbors never were great profit makers. Our farmer and town merchants always had to be happy with a reasonable turnover of the money they had invested in their business. They never made dividends that permitted them to build palaces and go rolling over Europe in Rolls-Royces and Packards. But in the case of the great national candy manafacturers we might well ask them at this sad stage of affairs when they are puting 30 cent sugar into 20 cent candy, if they can remember back when they put 4 cent sugar into 75 cent candy. Surely, reference to their bank books will recall those

joyous days. Deflation is here. The farmer, mercoment and the town merchant have "ridden their goat" and are now hard at work, making the best of the situation, well knowing that hard times are only the prelude to good times. and well knowing, too, that good times are only the prelude to hard times. They are not weeping and wailing and "big business" might well take a lesson from them.

CEEDINGS OF THE VILLAGE BOAR

Downers Grove, Ill., June 6, 192 Regular meeting of the Council the Village of Downers Grove, I Present at roll call Mayor W. C. Ba ber and Commissioners Bender, Ha

There's Tailored - to - Measure Comfort in KAHN Clothes

Because these clothes are individually tailored by experts and fitted to your exact measurements, a KAHN Made-to-Measure suit never binds or bags. The fit is always perfectly comfortable, even in close-buttoning, form-fitting models. The collar always hugs the neck. The fit across the shoulders is natural—and, since the weight of the garment is evenly distributed, not concentrated unnaturally at a single point, as in the case of poorly fitting clothes, your KAHN suit feels comfortable even in warm weather—and is free from the ugly wrink les that always develop, in less-perfectly fitted clothes.

> To be sure of getting a genuine male-tomeasure fit -- plus the most careful hamitailored workmanship -- come in and b. measured for a KAHN Made-to-Measure suit. Ask to see our special materials for hot weather wearing.

BERT MOORE

Knit Underwear that has Every Quality for Summer Comfort

Right now with the weather growing hotter every day, every woman desires a substantial supply of underwear like this. It is of fine texture, thin and cool. And it is particularly comfortable because it has excellent fitting qualities, is shaped to fit the figure. In all sizes, in unionsuits and separate garments, and tastily trimmed and very reasonably priced.

The Call it "FUTURIST" and it's the Most Comfortable Underwear

For women who seek comfort-real solid comfort these Futurist Unionsuits are just the thing. They are becoming more popular every day. Made of very thin materials yet without frills or unnecessary trimmings-everything about them is made for comfort. These are much cheaper than last year.

Interesting HOSIERY NEWS

The news is that we have a new supply of summer hosiery in all the popular shades and qualities, silk lisle and cotton. You will appreciate the values we are giving you now.

CHILDREN'S SOX

Nothing like these clever little sox for little folks in summer weather. They look so becoming and dressy and for comfort are the next thing to going barefooted. Cost very little, too. For instance-25 to 50c
