BUNGE, ATTORNEY; OTTO, ENGINEER; SANITARY DIST.

Appointments Made at Last Meeting of Trustees—Treasurer to Be Appointed.

G. H. Bunge was appointed Attorney and Edgar D. Otto Engineer of the Downers Grove Sanitary District at the last meeting of the Trustees of the district when the final plans for the bond issue, to be voted on tomorrow, were arranged for.

Mr. Bunge has had complete charge of the legal end of the district since its inception. He drew up all the papers, made the necessary specifications for the territory and appeared before the County Judge in the hearings as a preliminary to the establishment of the district.

Mr. Otto was retained by the Village Board, when that body was figuring on building a new disposal plant, before the Sanitary District was conceived. He made the preliminary surveys and is well acquainted with the work to be done.

No appointment has been made as yet to the Treasurership of the organization, the Trustees preferring to wait until a little money had accumulated in the treasury before taking this step.
