DOWNERS GROVE HIGH SCHOOL

We present to our readers this week our first annual "School Opening Number." For the many cuts, portraying life as it is lived "in and around the high school," we are indebted to the "Staff of the "Cauldron," the annual year book of good old — D. G. H. S. Downers Grove's schools, both grammar and high, open Monday, September 12th. The faculty this year is a good one. Mr. Reed, Superintendent, and Mr. Vernon, Principal of the high school, are both working hard to make the year 1921-22 a banner one in local annals. They should have the united support of everyone in this school district. Let us all resolve to do more, not only for the students, but also for those who lead them, during the school year which soon opens. Your efforts will be appreciated, we assure you.
