### WINTER CAMPAIGN STARTED BY LEGION POSTS OF DU PAGE

Ex-Service Men Make Plans for Relief of Former Soldiers During Coming Winter.

The DuPage County organization of the American Legion comprising all posts in this county open their season's activities with plans for a drive for a Relief Fund to be used in meeting the wide spread suffering and needs of ex-service men due to unemployment and disability.

In a nut shell, here is the first phase of the Relief Plan.

A general campaign is now under way to reach every disabled man whose claim has not been taken care of - this campaign is being carried on jointly by the New Soldier Bureau created by the enactment of the Sweet Bill, The Red Cross and the Legion.

To provide a means of Relief to all ex-service men out of funds and out of jobs the old Grand Pacific Hotel in Chicago has been leased by the Legion and will be opened as a hotel for veterans only. Men will be registered in order to eliminate imposters and to properly classify them according to their different vocations and trades. They will be provided with a bed, clean night gown, towel and bath for ten cents. Breakfast will be furnished for 10 cents and supper for 20 cents, making a total expense per day for each man of 40 cents. Those who are able to pay, will be expected to do so and those who have no money will be given credit with the understanding that it is a debt of honor that they will be trusted to pay when they are financially able.

The equipping of this building to provide for 1200 men, the maintenance, coal, light and food will require no small amount of money.

A complete Service and Employment Bureau will be established in the hotel. Thus a Central Employment Bureau will be provided with which all the employment departments of the factories and business houses can cooperate.

The Legion has found it necessary to provide a large amount of clothing to men who have been practically reduced to rags and to meet an imperative demand for these necessities will require the earnest cooperation of the public.

Each Post in the county will plan its own campaign for raising its quota. LaVerne T. Perrotet Post No. 76, is leading off with an extensive campaign in the sale of season tickets to a series of five high grade entertainments that they will give thru the winter season and is calling upon all their community organizations for cooperation.

It is possible that a general county fund will be created to accept contributions from sources not covered by the individual Post campaigns, in which event announcements will be made through the county papers.

DuPage County has ever been quick to respond to such calls—and

the Legion of this county knows that while its citizens have aided the destitute of Europe, Asia and the many miscellaneous needs at home, that the call for its own soldiers against hunger, want, cold and destitution will most certainly receive the response they deserve.

The Ford Sedan is the favorite family car; seats five comfortably. While an enclosed car with permanent top, it has large windows, and may in a minute be changed to a most delightful open car with always a top protecting against the sun. In inclement weather it is a closed car, dust-proof, water-proof, cold-proof. Finely upholstered. Equipped with electric starting and lighting system and de-mountable rims with 27-inch tires front and rear. A real family car. The delights of the electric car with the economy of the Ford.

THE MISFIT WIFE ALICE LAKE

A humorous and unusually appealing story of a little manicurist who married out of her station in life when she accepted the offer of a rich young man to become his wife. This is without doubt Alice Lake's finest picture since "Shore Acres."
