

DOWNERS GROVE REPORTER

A NEWSPAPER FOR THE COMMUNITY

VOL. XXXVIII. NO. 39 \$2.00 Per Year. In Advance.

DOWNERS GROVE, DU PAGE COUNTY, ILLINOIS, FRIDAY, OCTOBER 28, 1921

Single Copies, Five Cents.

WHOLE NO. 1939

MRS. M. K. BUSH TO HEAD COUNTY CLUB FEDERATION

Organization Effected at 11th District Meeting at Lombard Last Monday.

Mrs. M. K. Bush, of Carpenter street, is the newly elected president of the DuPage County Federation of Womans Clubs which was organized at Lombard at the annual meetings of the Eleventh District Federation last Monday.

Speakers at the morning session of the federation were Mrs. Coultrap, District Federation president and Mrs. Bliss, of Aurora, who spoke of the necessity and advantages to be gained by the club women if the clubs of the county would federate. This was immediately done, officers chosen and a tentative program for the year arranged.

Other officers elected were: 1st. Vice-President, Mrs. Hattie Glos, Wayne.

2nd. Vice-President, Mrs. D. B. Wilkoff, Elmhurst.

Recording Secretary, Mrs. A. A. Ut, Glen Ellyn.

Corresponding Secretary, Mrs. Nelson Webster, Naperville.

Treasurer, Mrs. M. B. Taylor, of Wheaton.

Mrs. Johnson, of Glen Ellyn, spoke forcibly on the necessity for supporting the crippled children's home at Prince's Crossing and it was decided to hold a tag day in Downers Grove in the near future for the support of one bed to be used by children from DuPage County.

At noon the club women enjoyed a box luncheon, coffee being served by the Lombard ladies.

At the afternoon session Mrs. Catherine Waugh McCulloch, chairman of the committee on uniform laws concerning women of the National League of Women Voters, was the speaker, and to many people who have heard her, she needs no introduction.

Mrs. McCulloch is a most forcible, eloquent speaker. She talked to the clubwomen particularly about the necessity for fitting themselves to use the ballot wisely and well. She is an ardent worker in the League of Women Voters which is now organized in the village, and which is planning to carry on classes in citizenship this winter.

She talked on many subjects of interest to women such as, joint guardianship of children; the necessity for women legislators that there may be both women judges and juries and gave splendid reasons why there should be both. Half-interest in the family pocket-book was another interesting subject. Then

DAIRY MOTION PICTURE COMING TO DU PAGE COUNTY

Famous Dairy Film to be Shown in Five Different Places in Early November.

Come and see the little bossy calf get its first lesson in table manners. Then watch it grow to a full sized cow, and produce a big brimming pail of milk. See how the feeding and care of the calf and cow may be done. See how the milk, cream, butter, and cheese are handled, together with the values and uses of each.

This great state of Illinois famous three reel dairy film is to be presented to DuPage County citizens early in November. It is full of life, interest and pep.

The evening shows will begin at eight o'clock. You are invited. No admission charges. No reserved seats. Everybody welcome.

The first evening show will be given Thursday evening November 3rd, at the Big Woods School in Naperville Township. The next evening it will be shown at the Bloomingdale Community Hall; and on Tuesday evening, November 8th, the film is booked for the Y. M. C. A., auditorium at Naperville. On Wednesday evening, Natoma Farm near Hinsdale will provide the playhouse facilities. Thursday night it will be shown at Bonaparte School in Milton Township.

Day meetings are being planned before the various High Schools of the county wherever desired and with any other organizations who will guarantee a full house.

WHEATON CALLS OFF SATURDAY'S FOOTBALL GAME

Wheaton-Downers Grove high school football teams will not meet here tomorrow as has been announced. Wheaton postponed the game last Friday as they had an offer to meet the Scott high school team at Toledo, Ohio, Saturday and accepted the proposition. They will journey there today meeting that team in the afternoon Saturday and return Saturday night. Many Wheaton people are planning to make the trip by automobile and help root the strong eleven to victory. Others are planning on making the journey with the team and a small but enthusiastic bunch of rooters from DuPage county will see the game.

This leaves the locals with an open date for Saturday which has not yet been filled, and is likely not to be. Just when the D. G. H. S. will meet Wheaton is problematical. Efforts are being made to book the game the Saturday before Thanksgiving or on that day.

ONE FRED SWEET ON ENTERTAINMENT COURSE PROGRAM

Daddy Grobecker's Yodlers are also Scheduled to Appear Here During Winter.

Downers Grove Community Council, representing the seven village churches and the American Legion, Alexander Bradley Burns Post, has arranged for a wonderful series of entertainments for the coming season. The talent has been secured through the Central Extension Bureau and is exceptionally good. It includes the following:

Hollywood Trio, November 11.

Stephani Schutze, December 19.

Grobecker's Yodlers, January 16.

Lewis A. Convi, January 3.

Oney Fred Sweet, February 20.

Season tickets, \$2.00 for an adult and \$1.00 for a child, may be obtained from any of the men's clubs of the churches, or from any member of Alexander Bradley Burns Post, also at both of the local banks. A single admission is 60 cents; children, single admission, 35 cents. The economy of buying a season ticket is readily apparent. The committee also wishes to call your attention to the fact that this year five entertainments are given for the same priced season ticket, as four were last year. Buy your tickets early and help the good cause along.

HALLOWEEN PARTY FOR FLAG BENEFIT AT UTOPIA NOV. 4

Miss Hazel Wilson, School Teacher, Plans Entertainment at Kenney's Hall.

Miss Hazel Wilson, teacher of the Utopia School, is sponsoring an entertainment to be given Friday evening, November 4th, in Kenney's Hall, corner of the Butterfield and Canfield roads, Utopia, for the benefit of a school flag fund. There will be a short program, dancing and games and an admission price of twenty-five cents.

Recently Mr. H. C. Gard, one of the public-spirited men of the community donated a steel flag pole for the school. At the dedication ceremonies Miss Wilson promised to arrange an entertainment for the purchase of a flag and this is the result.

Everyone in the county is invited to participate in the evening's enjoyment and help along the good cause.

GOLD IN ST. JOE CREEK?

Preposterous! Of course it is, but suppose someone from far away came here and after a little discovery found a gold mine there, what would Downers Grove people think who have lived here for years? That idea applies to advertising! People from far away flood this village with advertising matter thru the mail every day, taking thousands of dollars every month which rightfully belongs in the tills of local stores. These firms do not sell cheaper, they do not give more for the money, they simply tell folks what they have to sell in a way which makes people buy. Storekeepers, there is a gold mine at your door. Don't let the profits slip away to firms not of Downers Grove. Meet them at their own game—ADVERTISE!

"THE BUILDERS" TO BE INITIATED TOMORROW NIGHT

Glen Ellyn Chapter Members Coming to Take Stations for the Degree Work.

Initiation of local boys into "The Builders" will take place in the hall of Grove Lodge, A. F. & A. M., tomorrow evening, Saturday, October 29th. Members of Glen Ellyn Chapter, under the direction of District Deputy Paine of Glen Ellyn, will come to the Grove to take the stations for the degree work and to assist in the installation of the first officers of the local chapter.

A general invitation to all resident Masons has been issued to attend the ceremonies of initiation and installation and it is expected that many will avail themselves of the opportunity of seeing the degree work of this youngest of the Masonic orders.

Forty-two boys have joined the local chapter, and will receive their degrees Saturday. Officers have been elected and following the degree work will be installed in their stations as follows:

- Stanley Huntington, Master Builder
- Ray Klein, Deputy Master Builder
- Karl Kelllogg, Senior Inspector
- LeRoy Phelps, Junior Inspector
- Frank Hall, Senior Overseer
- John Rabston, Jr., Junior Overseer
- Paul Prickett, Secretary
- Robert Wolf, Treasurer
- Arthur Phelps, Chaplain
- Leater Barry, Steward
- Lawrence Fischer, Steward
- Eugene Prickett, Steward
- William Ellis, Steward
- Donald VanValen, Marshall
- George Ray, Sentinel
- Gardner Barr, Organist

The organization is for the sons and brothers of Master Masons between the ages of 14 and 21. It is still in its infancy and despite this fact numbers chapters in nearly all the neighboring villages and many in Chicago.

MANY ENTERTAINMENT FEATURES AT S. ANDREW BAZAAR

Annual Affair at Dicke's Hall This Week Was Success—Many People Attend.

Entertainment features of the bazaar of the Woman's Guild and Auxiliary of S. Andrew's Episcopal Church given Tuesday, Wednesday and Thursday, included songs by Earl Sanders, late sergeant of the British forces and a newcomer to the Grove; readings in costume by William Harold Beidelman, fancy dancing by Miss Roma Gaskill, of Chicago and Miss Madeline Lull, of Evanston and an operatic skit given by the Young Peoples Club of the church.

The last number was announced as "Twenty minutes of grand opera." It was founded on the "act of opera up to date" familiar to many hereabouts, but the original story was twisted to suit Downers Grove conditions by the use of liberal cuts and the interpolation of an air from Pinafore.

A modified plot (?) centered upon the rescue of a family in a burning home. It was said the affair might happen in any one's home and Mr. Anyman and his wife, portrayed by Mr. and Mrs. M. E. Coleman, were rescued by the fire department headed by Bill Smith as Chief Dickkybird and by Mike and Callahano, guardians of the law, ably pictured by Morris Fox and Ballard Miles. In the fire department squad were Stewart Miles, Earl Sanders, Biko Beidelman and John King. They were cheered on by a bevy of merry village maids consisting of the Misses Bessie Pape, Irene Bryan, Ruth Smith, Florida Waples, Ruth Thatcher, Virginia Waples and Mrs. Laura Stevens, Cora Miles and Hazel Miles.

Miss Elsie Sanders and Mr. Sam Kenison were the accompanists.

The Bazaar is proving to be a huge success and is drawing many visitors afternoons and evenings. The Guild and Auxiliary have worked long and faithfully in an endeavor to make a substantial donation for the Rectory Fund. The booths were many and varied and one could purchase almost any object they desired.

COUNTY SUNDAY SCHOOLS CONVENE HERE NOV. 5 AND 6

Sessions to be Held in the Congregational, Methodist and the Baptist Churches.

- 8:30 Address, "The Church's Evangelistic Opportunity Through the Sunday School," by Rev. E. C. Lumsden.

(Continued on page 7)

NAPERVILLE-LOCAL FOOTBALL ELEVENS MEET NEXT SUNDAY

Annual Grid Battle at Naperville to Draw Big Crowd—Play Return Game.

Fans from Downers Grove, be they baseball, football, basketball, bowling, or just plain marbles, are all ways sure to turn out in large numbers providing teams from here are matched with teams from either Hinsdale or Naperville. Traditional rivalry between the villages is the only explanation.

Next Sunday afternoon football fans will have a chance to see the local Legion eleven in action against the Legion eleven of Naperville. The game will be played on the north field at Naperville and promises to be one of the most exciting and interesting of the season.

The result is in doubt. Naperville has this year one of the strongest teams in the vicinity. Local football players are, of course, practicing hard to register a grid victory against their ancient rivals. They have come through the season thus far without losing a game and are gradually getting their line of defense whipped into shape.

While the result is in doubt, there is no doubt of the crowd which will be present to see the game. Local rooters are urged to gather on one side of the field and show the Napervilleites that we can back up our team the way they should be backed up.

Playing rather listless football the first three quarters last Sunday against Oakwin A. C. of Chicago, the local Legion eleven woke up in the fourth quarter and put over a touchdown, the only mark of the game, winning six to nothing. Brown failed to kick goal.

The Oakwins played a fine forward passing and open field game. Out of twelve tries at forward passing, but two failed to register and why they didn't score is a mystery. They were outgeneraled several times by local players and were outplayed in every department except in the forward passing style of play.

Don't forget the Naperville game at Naperville next Sunday afternoon. Fans and fanettes be there.

TWENTY FOURTH ANNUAL THANKS-GIVING BALL HERE

The fire department are now selling tickets for their 24th Annual Thanksgiving Ball, the proceeds of which go to the general treasury of the department, while it is not with the view of making money that these dances are held—the main object is to get acquainted.

This year every old time citizen is expected to enjoy the evening—music will be in abundance. In order to make this a much looked for annual event everybody must not just purchase a ticket but every one must attend, the boys are now making a house to house canvas—tell them how much you appreciate this village get-together-plan, remember this is the 24th year the Downers Grove Volunteer Fire boys have held a Thanksgiving Ball. The early dances were held in what is now Hawkins' Garage, also in the present Masonic Hall.

ABOVE ALL THINGS, ATTEND!

UHLHORN DAIRY TO PASTEURIZE MILK IN FUTURE

Modern, 100 Gallon Outfit With Cooling System, Has Been Installed.

In the near future all milk delivered by the D. H. Uhlhorn dairy will be pasteurized before being put into bottles. A new pasteurizing outfit has been purchased by D. H. Uhlhorn and all that is holding him up at present is the arrival of alternating current motors to drive the machinery. The plant has a capacity of 100 gallons and is one of the most up-to-date machines made. The milk is placed in a large tank with a coil running through the center. When the machine is in operation live steam runs through the coils, which at the same time turn and agitate the milk. The temperature is run up to 145 degrees and kept there for half an hour. It is then pumped into the cooling system where it runs over pipes kept filled with ice water and instantly chilled. From the cooler the milk runs into a bottling machine, is capped and ready for the delivery truck.

Sanitary to the nth degree, the pasteurization outfit will insure a supply of fresh, clean milk. After the plant is in operation Mr. Uhlhorn will be glad to show anyone interested how it works.

DON'T FORGET TO TURN YOUR CLOCKS BACK

We Go From "Chicago" Time To "Sun" Time Again at Ten Sunday A. M.

Back to the time Mother Nature intended human to run on, the time set by the sun on his travels thru the heavens. This will take place at two o'clock Sunday morning when the clocks of this vicinity will be turned back an hour thus changing from "Chicago" or daylight saving time back to Central or Standard time. Don't forget to get up at two A. M. and make the change.

As we said at this time last year, and we suppose as well say at this time next year, this is about all we will want of the daylight saving system unless the entire country joins in. It's too bloomin' disturbin' when one gets a few miles away from the Chicago influence.

BUILDING FOR REPUTATIONS

Did you ever stop to think about the psychology of advertising? In every day words it is nothing more nor less than common sense carried out to the minutest detail. Stop and think of the articles that are nationally advertised. Do you not think more of them than of the unadvertised article when they are laid side by side? Just for a test take the Paris garter. You have been reading about this garter for years, you go into a store and a pair of the Paris and a pair of an unknown (to you) make are laid side by side. They may be similar in appearance, the same in price and yet you buy the Paris. WHY? Simply because the advertiser of it has caused you to entertain a favorable impression of the article.

PARENT-TEACHERS HEAR FINE TALK BY JEANETTE RANKIN

First Congresswoman Makes Great Impression at School Last Thursday Evening.

The High School assembly hall was more than filled at the first meeting of the Parent-Teacher Association for the year on Thursday evening, October 20th. The attraction was the Hon. Jeanette Rankin, of Montana, and at the close of her talk most people felt that woman can be just as efficient in affairs of state as in the home, school and church. Miss Rankin is speaking in the interest of those measures in which the senators and clubs are working such as Educational Bills, Maternity Bills, Minimum Wage Laws, Eight Hour Day and General Welfare Legislation. She believes that by giving the public the benefit of her experience as a legislator they will understand the reasons why these much wanted measures come to defeat when they reach the lawmakers. Of course it is needless to say that one of the suggestions Miss Rankin makes to overcome this condition is women in the legislature.

As most everybody knows, Miss Rankin comes of western pioneer stock. She was born in Missoula, Montana, is a B. S. of the Montana University and attended the School of Philanthropy of New York. She has spent several years in Social Service in Seattle, Washington, was active in the Western Suffrage Movement and has an exact knowledge of conditions among workers here and abroad. Miss Rankin is slight and dark, with a fine serious manner, a musical voice and a peculiarly laughing smile that warms the heart of her admirers and makes friends of all who meet her.

She was a member of the Sixty-fifth Congress and voted against the Mexican Cession Bill introduced by her in Congress, the strange antics of the committee on Committees, the steering committee and the devious ways of the myriad committees that guide the destinies of the Republic. In the presence of this abundance of committees the newly elected Congress can do little but tiptoe among the whys and wherefores lest he slip eternal discredit upon himself by stepping on some regulation of a time honored antiquity in the governing committee. This is not enough for the strongest so we can hardly expect our Congressmen to become familiar with the ropes.

(Continued on page 3)

VILLAGE WORKING ON INSTALLATION OF NEW ENGINES

Expect to Have Two New Fairbanks Morse Units Running in About Six Weeks.

Work has started at the water utility plant on the installation of two new Fairbanks-Morse oil engine units purchased several months ago by the village. One of the old engines has been dismantled and moved out of the power house and the other one will be soon replaced by new engines and is running. It is hoped by those upending the work that the new engines will be producing current in about six weeks. Both of the Steam engines have been sold.

No contracts are to be let for foundations or for the installation of the new units. Day labor is being used by the village to dig the foundations and put in the concrete.

The plant is pretty well torn up and the entire machinery is being rearranged and put into better shape.

One new addition to the plant will be a water tower. It has been a hard matter to keep the water tank enough and at the same time, not enough, for cooling purposes. This will be done away with by the construction of the water tower. After leaving the engine the water will be pumped to the top of the tower and fall as does rain, from one level to another. In this way it will be cooled sufficient to be used over and over and will require but little addition to care for evaporation.
