Cat Mothers Fox Pups.
An Ontario reader writes that her cat fostered three fox pups since they were two weeks old. The pups were taken from the mother because it was feared they might chill. The cat had five kittens which were disposed of, and the foxes were promptly adopted in their place. The foxes are now over three months old and although larger than their foster mother, are still fond of her. They are kept now in a wire pen and kitty is quite content to remain with them all day long, enjoying an occasional frolic.

NEWS OF THE BOWLERS

Hoehn's Clippers have made a rapid and sensational rise from last place in the "big" league to a tie for second position. They are threatening the leaders and should be watched closely.

Bakers Buns apparently have a strange hold on the top place in the Business Men's League. Several of the teams just below them are trying hard to supplant them, but so far without success.

Following are the standings of the clubs:

Get Away This Winter!

Get away from business and household responsibilities, care and worry. Get out into the glorious, semi-tropical atmosphere of California, where health, rest, comfort and delightful outdoor activities await you—amidst the flowers and orange blossoms beside the blue Pacific. 'Twill do you a world of good! If your neighbor has been there, ask him—he knows.

Be sure you make the most of the trip, however, and see Denver, Colorado Springs, Pike's Peak, Pueblo, the Royal Gorge, Scenic Colorado, Salt Lake City and the Feather River Canyon thru the Sierra Nevada Range—in daylight.

For the accommodation and convenience of Burlington patrons, main-line train 3 carries a thru sleeper daily, direct to San Francisco, connecting service from Salt Lake City via short line to Los Angeles. A delightfully—easy, care-free trip—takes a little longer, but it costs no more and is "The Route Beyond Compare if You Have Time to Spare."

Reduced-rate round-trip tickets are now on sale daily to California — long limits, liberal stop-over privileges—go one way and return via an entirely different route.

Deducting the cost of remaining at home and considering the price of things generally, you'll be surprised how reasonably the trip can be made—especially when you contemplate what this will mean to you and remember that a life which isn't pleasantly spent isn't well spent. Think it over!

Better let me make your reservation well in advance.
