

IN AND AROUND THE HIGH SCHOOL

The following is the tabulated result from the information sent in last week by the advisors.

Total number of reports — Boys, 128; Girls, 77.

This does not agree with the total cases cited for various occupational aims because in some cases there was duplication in the report for the case. This was so small a number however that the item is negligible.

Planning on College.

Liberal Arts Course — Boys, 20 or 16%; Girls, 20 or 26%.

Technical Course—Boys, 48 or 37%; Girls, 14 or 18%.

Totals for College—Boys 68 or 53%; Girls, 34 or 44%.

Reports on Life Career Aims

BOYS—	
Engineering Professions	32
Farming	10
Dentists	4
Doctors	2

At the end of the second six weeks in the high school there were 992 grades issued. These grades were distributed as follows:

10% A grades; 25% B grades; 32% C grades; 20% D grades; 11% F grades; 2% Deferred grades.

Those receiving three or more A's and the subjects in which they received the A's are:

Donald Drew — American History, French I; Latin III; English IV; Orchestra.

Margaret Lempke — Bookkeeping; French I; English IV; Chorus.

Margaret Stough—Latin II; Geometry; Sewing; English II.

James Mitchell — French II; Virgil; Advertising; Algebra; English III.

Evam Gollan — American History; French I; Virgil; English IV.

Paul Grumbaus — Physics; Modern History; French I.

Charles West—Algebra I; English I; Latin I.

Evelyn Wolff — English I; Sewing; Algebra I.

Hazel Heardt—English I; Latin I; Algebra I.

Myron Steffy—English I; Latin I; Algebra I.

Edward Anderson — English IV; Physics; French I.

The Latin Club held a party last Friday night. After a program the crowd played "Put and Take" progressively. Refreshments were served and the crowd broke up after an enjoyable evening.

Miss M.: "Raise the windows from the top down."

Elmer O'Neill is donating a complete wireless set to the high school. With the set it will be possible to receive code stations within a radius of 1500 miles. It will also be possible to receive grand opera from Chicago.

The French class was making considerable noise asking questions, parley-vouying, etc.

Miss M.: "I think that we ought to have deaf teachers."

H. H.: "And dumb pupils."
Miss M.: "Oh, you wouldn't have to go far for that."

The Seniors are giving a social hour this afternoon. Be sure to be present for a good time is assured.

The school is getting accustomed to the new warning "cow" bell and the Frosh don't jump any more when the teacher rings it.

The Christmas vacation starts on Tuesday night, December 20, and ends Tuesday night, January 3.

Because of the Christmas vacation there will be no high school column for the next few weeks.

SCHEDULE OF ARRIVING AND DEPARTING MAILES

Arriving		
Train No.	From	Arrives
4	West	6:02 a. m.
105	East	7:00 a. m.
19	East	8:42 a. m.
42	West	10:08 a. m.
22	West	1:52 p. m.
135	East	3:20 p. m.
14	West	5:35 p. m.
Departing		
128	East	8:14 a. m.
19	West	8:42 a. m.
42	East	10:08 a. m.
22	East	1:52 p. m.
14	East	5:35 p. m.
148	East	5:52 p. m.

All pouches for departing mails will be closed thirty minutes before train time as shown above.
Sunday dispatch closed at 10:30.

The Dust of the Earth

Who is the dust of the Earth? She is a poor little motherless waif, thrown into the world without the protection of a fathers name or the safeguard of a mothers love. Her only friends are an imbecile and a nigger. The imbecile is a mysterious character, due to a sudden loss of memory occasioned by an accident or a severe illness. But no one could learn the real story, so he was considered as nothing. Although the child is raised in the home of her uncle she is treated as an outcast by her Aunt and Cousin. She, however, endures all their insults and cruelty until they see their own wrong and ask her for forgiveness.

This is a very short outline of the play which is to be given in the Baptist Church, Tuesday and Thursday evenings, December 27 and 29. The money from the free will offering is to be given to the "Oak Forest Infirmary of Chicago."

Spencer Popular in America. Herbert Spencer, the great philosopher, was more popular in America during his life than in England. When Spencer visited the United States, in 1882, his fame and influence were so securely established that one admirer offered to pay all the expenses incurred by the philosopher on his trip, and heads of railways offered him the most luxurious traveling facilities, while other friends vied with one another to make the tour comfortable, interesting and instructing.

Shakespeare and Nature. Shakespeare was naturally learned; he needed not the spectacles of the books to read nature; he looked inward and found her there.—Dryden.

Thanksgiving's Gone

Don't you think it's time to consider the Coal Question?

With Thanksgiving in the background and Christmas almost here, COAL should be in the minds of all who have to do with the heating of homes.

Cold weather is sure to come—we have had a little touch of it already. When it does come—the wise man will have prepared for it by having his winter supply in the basement, and not in the coal yard.

A TIP TO THOSE WHO USE HARD COAL!

Although hard coal is high in price, compared to other years, yet those who use it would do well to put in their supply for the entire winter NOW! A strike has been called in the eastern fields and in a few months hard coal may be a scarce article.

This reminds us that "PITSTON" Hard Coal is supreme. There is none better mined.
