

CHURCH OF EAST GROVE HAS CHICKEN PIE DINNER

Money Raised to be Used in Building Addition—Over 150 Were Served.

A chicken pie dinner was served Wednesday evening by the ladies of the East Grove Church at the home of Mr. and Mrs. Harry Schmidt, of Fairview avenue.

The affair was a great success, as over 150 people were served.

The men of the church have pledged themselves to make a like amount of money for the building fund and they surely won't find it such an easy matter to equal this success.

This little church, hidden away in the trees of East Grove, may not be so large but it is doing good work and is a real force for good in the community.

The fund which is now being started is for remodeling and adding to the church. Like the small boy who went to church to pray for rain and had faith enough to carry his umbrella with him, the members of this church will pray for a larger congregation and build the church larger to have ample room to receive them as they come.

EX-SERVICE MEN SEE NEED FOR AN ATHLETIC FIELD

(Continued from page 1)

Dr. A. R. Moore, Service Officer of the local post, made a report of his activities and particularly called the attention of the men to the fact that the time for adjusting compensation of ex-service men has almost gone. He urged that everyone who needs either dental or medical attention, due to the war, should see him immediately.

It would be a good thing for the residents of the village to check over their acquaintances who were in the army, navy, or marine corps, see if they come under this class, and inform them of the facts.

Meeting at Western Springs

The big meeting at Western Springs December 9, proved a great success. Legionnaires gathered from all the posts along the Burlington and filled the large auditorium of the Western Springs Club House. It was a meeting that all present will happily remember. Comedy stunts, wrestling and fencing were features of the evening and were executed in a masterly style.

Judge K. M. Landis being unable to be present was substituted by Major Schroeder of aeronautical fame. The man who made the world's altitude record in an aeroplane told of his many unimaginable experiences encountered miles above the ground. Those who missed this good narration of unusual happenings, missed something very worthwhile.

The program being completed, cider and doughnuts were served and an hour of fellowship and smokes enjoyed. All those who attended from Downers Grove, about sixteen in number, felt that they had spent their time in a very worthwhile way.

FRANK THOMAN, JR.

News of the death of Frank Thoman came as a shock to the community, when it was learned that he had passed away early Tuesday morning, December 6th, 1921, at St. Charles Hospital, Aurora, where he had gone for an operation. He had not been in the best of health in recent years, but it had not interfered seriously with his work. His last illness was a little more than a week.

Mr. Frank Thoman was born in the town of Lisle, May 20th, 1885, he was the second child of the sixteen children born to Mr. and Mrs. Jacob Thoman, who with twelve of the children are still living.

The deceased was an industrious and thrifty farmer, being employed on the Jay Morton farm. He was married in 1915 to Effie Weckshies and to this union three children, Ethel, Harold and Leroy were born, these with their mother remain and mourn the death of husband and father.

The funeral service conducted by Rev. A. T. Lacey, was held at the Lisle church Thursday afternoon, December 8th, with a large attendance of relatives, and sympathizing friends and neighbors. The casket was banked with beautiful flowers and floral designs. Interment was made in the Lisle Cemetery.

Omnivorous Godfish. That the codfish is omnivorous is shown by the fact that, in addition to the crustaceans, small fish and sea moss which it eats, all sorts of things have been found in its stomach, such as small seagulls, crabs, rubber dolls and pieces of clothing.

A USEFUL GIFT

Pump it full in a jiffy!

The Dunn-Pen cleans itself while you are filling it.

It has no rubber sac to rot, crack, and leak—nothing to break or to get out of order.

It holds several times as much ink as any other self-filler.

The marvelous DUNN-PEN

The Fantastic Pen with the Little Red Pump-Handle

—It's the *best* fountain pen—sold under an absolute guarantee.
