MADE MERRY NEW YEAR'S EVE AT GARDALE

Young and Old Had Gay Time at Hungalow in the Woods in York Township

New Year's Eve was celebrated last Saturday evening at Gardale in the Woods with the gathering together of young and old, mostly the young folk, some of them from York Township. Nestling in the woods a mile off the road, Hungalow was seen afar by its beds of little white, red, blue and green electric lamps. The blue lights were a notification to all comers to leave their blues outside the gate, the green lights to go just slow enough in hilarity to keep within the law, the white light shone out to denote the purity of thought and action expected of those entering under the portals bearing the title "Your good behavior here your passport to return" and the red lights typed the blood veins of love and regard interchanged among those present.

Music was played by a quartet at the piano and a hundred selections on the Edison and Gramophone systems. The young and old danced to the light fantastic, ending with the Virginia reel. A sumptuous repast of refreshments was served and all enjoyed the feast to the hilt.

Among those present were a bunch of eight or nine makers from Downers Grove, including the Messrs. Kern and Miller, Washington, K. H. Klein, A. J. Ziegler and others. Many representatives of the York Township other side of the border were present. Mr. and Mrs. N. W. Bate, of York, attended to the refreshments. The evening closed with a song and a prayer. The weather was perfect for the occasion.

Although knowing nothing about it, he applied his well known energy and pep and soon was feeding the village with pies, cakes, bread and other delicious things to eat. FIVE LOCAL BOY SCOUTS AT CAMP AT LAKE DELAVAL

Skating, Fishing, Hunting and Shooting Kept the Red Blooded Scouts in Action

You scouts who did not go to camp this winter missed a lot of fun. Lake Delavan was frozen over to a depth of 6 or 7 inches and the skating was fine, several of the scouts with Mr. Weatherwax of Berwyn, skated down to the end of the lake a distance of about seven miles. Friday the two tents had a hockey match which ended in a score of 8 to 8. During the week the camp was open. 9 rabbits, a squirrel, a weasel and a blue jay were shot, there would have 10 rabbits if scoutmaster Eckman (as he said) had not shot a rabbit to pieces, the rabbits were made into a pot pie, Sunday noon, which was very good. The other animals and birds were stuffed and presented to the camp by scoutmaster Holmberg of La Grange.

The fishing was very poor this year, only one fish and a "swamp sucker" were caught. The "swamp sucker" was caught at some distance from camp, so the scouts who go to summer camp need not be afraid when in swimming. There were several ski slides on the hills around the camp and were used very much. The tents were warmed by stoves in which wood was burned and in the morning every body in the tent had to get wood enough to last for 24 hours. At the camp there were 21 scouts and men of whom 5 were from Downers Grove, the scouts from Downers Grove are, Edward Adams, Horace Adams, Jack Blakesley, Bob McClure and Dick Mitchell. It is hoped by the winter campers that more scouts will be at the camp next winter.
