

SOME INTERESTING "REMINDEERS" FOR TAXPAYERS

New Federal Tax Law Now In Force—Read It Over It Applies to You

The new Federal Tax Law, known as the "Revenue Act of 1921" is now practically in force throughout the country. In this new law are some radical changes which should be called to the attention of the public. Earl T. Weeks, Division Chief of the Revenue Service at Aurora, submits the following facts which he asks all interested taxpayers to be sure and remember.

INCOME TAX RETURNS

Who must file: All single persons whose net income is \$1000 or more; all married persons who are living with wife or husband, whose net income is \$2000 or more; all persons whose gross income is \$5000 or more; all partnerships regardless of income.

Personal exemption: A single person is given a personal exemption of \$1000. A married person, living with husband or wife; and heads of families are granted a personal exemption of \$2500 unless the net income exceeds \$5000 where the exemption shall be \$2000.

Income tax returns for the year 1921 must be in the hands of a Deputy Collector, in the collector's or Division office on or before March 15, 1922. The fact that it has been mailed does not relieve the individual from the penalty of late filing. Returns should be made at your nearest Division Office. For Kane, Du Page, De Kalb and Kendall counties this office is on the second floor of the Post Office, Aurora, Ill.

Tax on passenger fares, freight and express charges is repealed, effective, January 1, 1922. The tax on telephone and telegraph messages remains as in the previous law.

Beverages and Sodas

Tax on ice cream, sodas and beverages as sold at soda fountains is repealed. Is replaced by a tax on manufacturers.

ADMISSIONS

Tax on admissions remains the same except the tax on free admissions is eliminated and no tax is charged on admissions, the amount of which is 10 cents or less.

Exemption from admissions tax has been granted any Post or American Legion or its Womens Auxiliary units, or any municipality conducting a corporation or community motion picture house.

EXISE TAXES

The tax as collected by the dealers are discontinued on carpets valises, trunks, purses, portable fixtures, fans etc.

The taxes on jewelry must be collected by the dealer as before except that eye glasses and spectacles are exempted.

WHAT SHALL WE THINK OF HELL?

Sunday evening, Jan. 15, Rev. A. H. Kehrl of the Baptist church will repeat by request the sermon on this

subject: **HELL**

1. When the word "Hell" is used in connection with the punishment of the wicked, does it mean "eternity" or "a short earthly life?"
2. What does the term "forever and forever" mean?
3. May we not claim for those who have never heard the Gospel the wider hope of new opportunity or some special dispensation of Grace?
4. What shall be our attitude toward the serious minded of the heathen world such as Socrates, Plato, etc. who realized their limitations and helplessness?
5. What about our impenitent and earthly friends? Can we be happy in Heaven without them?
6. Does not an endless Hell seem an extreme penalty for the sins of a

Facts You should know when you buy a car

The question of greatest importance is not what you will be allowed for your old car but the price you pay for the new car and the value received.

You are money out if allowed \$100 more for your old car, yet have to pay a \$150 higher list price for a new car when the comparative value is not there.

A purchaser's loss is only postponed when trading allowances are made above a used car's real value. The deal that may appear most satisfactory to you in the beginning may prove to be the most expensive in the end.

No one receives anything gratuitously in this world—don't be misled by false allowances.

We believe that any sales policy which encourages the giving of fictitious values for used cars is an injustice to the public. We wish to establish definitely the fact that the Buick Motor Company has never followed this policy—rather has always based the price of its product upon actual costs and when costs came down correspondingly reduced the prices of its cars to the public without any camouflage whatsoever.
