MAJOR SCHROEDER'S VISIT

Next Monday evening a man who is internationally known; a man who lived through one of the greatest experiences ever heard of, in fiction or in real life, will tell of that experience to a local audience. Major Schroeder, the intrepid bird man, who broke the world's altitude record by taking his plane more than seven and a half miles in the air, will be the speaker at a get-together meeting at the Legion rooms and the Dicke Theatre under the auspices of the local Legion post. Every member of the American Legion, every ex-service man of the community, every member of the Legion Auxiliary and their friends are invited to the theatre to hear Major Schroeder. He has made this talk before some of the big clubs and societies in Chicago, and every one who has heard him is unstinted in praise of the man and his talk. The occasion is worthy of a turnout which will fill the theatre to capacity and we urge ex-service men, their families and their friends not to miss this chance to hear a real man make a real talk.

ONCE MORE—BACK ON THE MEMORIAL PARK SUBJECT

Through the efforts of Dan Diemer, commander of the local post of the American Legion, the heir who has been holding out for more money on the transfer of the "North Side Field"

to the Legion committee for an athletic field, has been brought to the right way of thinking and has agreed to sign off for the same proportion as the other heirs are to receive from the sale of the property. As Mr. Diemer pointed out, this is, in the final analysis, not a business proposition. It is a community enterprise and one which the entire community can enjoy either as spectators or participants in the various athletic contests.

Memorial Park is the only property left within the confines of the village, or even within a mile of the village limits, suitable for an athletic field. The local schools, especially in their athletic relations with the other schools of the county and of the vicinity, would miss not having a place to play baseball and football. It is for them and for the future boys and girls of the community that the Legion is so anxious to close the deal whereby this field is purchased and held for the benefit of the village. Part of the funds necessary to swing the deal have already been subscribed. A drive is to be made soon for the balance. Back up the Memorial Park proposition with your influence and your money.

SCHOOL NOTES

The two teachers assisting in the primary department of the South Side school are Miss Grace Ward, of Reedsburg, Wis., and Miss Margaret Karstens, of Moline, Ill. These two young ladies are completing their second year of training at the Pestalozzi college in Chicago and are taking up our work here as demonstration work. They come to us without salary during the morning session of each school day. In the afternoon they attend lectures and recitations at the college. Miss Ward is a teacher of several

years experience, while Miss Karstens is a beginner. We are fortunate indeed to secure the services of two such capable instructors. The net returns from the Art Exhibit at the North side school were \$45.50. This sum will add another fine picture to each of the rooms in this school. The two rooms selling the most tickets were the fourth and sixth grades. Miss Lohafar and Miss Shellock will have additional pictures as prizes for their good team work. The greatest advantages were those coming to the individual pupils thru the opportunity to work for three whole days with their school room walls covered with the masterpieces of the world's artists. Such an atmosphere is a delight to work in.

The teachers appreciated the opportunity of meeting the parents of those enrolled in their rooms, and wish especially to thank the Parent-Teacher association for their substantial gift of \$10 to be added to their picture fund. A study club has been organized among the high school teachers and the four upper grammar grade teachers for the discussion of the problems of the modern high school in their relation to the community in which ours is organized. As a basis for study a text, The Redirection of High School Instruction, has been selected. The first meeting of the club will be held at the home of Supt. Reel on Tuesday evening, January 31. The second semester of our school year began this week. Grade pupils neither absent nor tardy for the last semester are:

- First Grade — Miller Howard, Frazier Joseph, Hogrefe Hubert, Michael Emerton

The Horton Ironer Solves Your Hardest Task. Mrs. Housewife— After the washing has been done there is still a hard job ahead of you before the clothing can be sorted and put into its proper place—and that's the ironing. The ironing for the average family is far from being an easy task (some women think it's harder than washing). With a HORTON IRONER all this is changed. Ironing is no longer labor but pleasure. It does 100 per cent of your ironing. No pieces are too large or too small. None are too difficult. It is the latest achievement in ironer simplicity and pays for itself quickly through its many advantages. CALL, WRITE OR PHONE Mrs. W. R.
