MRS. LANGWORTHY SPEAKER AT P. T. MEETING FEB. 16th

Vice-Pres. of Womens City Club to Talk on "Social Standards for H. S. Girls."

W. C. T. U. NOTES

Regular monthly meeting of the local society will be at the home of Mrs. J. D. Gillespie, 95 Fairmount Avenue, Friday, February 17, at 2:30 and a good attendance is desired.

Another good plan would be to put prohibition law breakers to work at building roads instead of encouraging them with penalties and sentences out of all proportion to the gravity of their offenses against a constitutional law.

ROLLO GIVLER HEADS COUNTY EDITOR'S ASSOCIATION

Publishers of Community newspapers of DuPage County held their annual meeting at Wheaton Tuesday evening. Rollo Givler of the Naperville Clarion was selected as President and Walter J. Staats of The Reporter as Secretary.

Royalty Asks Favors.
Royalty is not averse to asking favors of great men, and when the prince consort of Holland learned that Sir Charles Maecart, the "Scottish King" was a friend of Mr. Carnegie, he asked if he would not use his influence with the millionaire toward getting an endowment fund established for the upkeep of the great palace of peace.

Man Can Make Himself.
In the majority of instances a man can do what he pleases with himself—can make what he wants to make of himself. Things that get in his path are not obstacles unless he chooses to regard them as such. Man is his own maker.

Early Potato Growing.
Although potatoes were cultivated privately in Scotland in the beginning of the eighteenth century, they were rarely raised in fields before 1745. In 1827 the first Scots writer on husbandry strongly recommended their cultivation in the fields.

Just as Ma Does Pa.
"Ma I know what makes the waves angry," said a little Wilmington boy as he watched the waves pound against the sea wall. "It's because the wind is blowing them up." Boston Transcript.

Almost Unbelievable Fineness.
Gold lace is made by winding gilded silver wire around silk. The wire used for this purpose is drawn to such fineness that a mile and a quarter of it weighs only one ounce while an ounce of gold covers a length of wire of more than 100 miles.

Rival to Postage Stamp.
Electric gas, telephone and electric railway rates stand today second only to the postage stamp as the cheapest of all commodities purchasable, whether food, fuel, clothing, luxuries or housing.

Did You?
Ever notice how political berths differ from sleeping berths? So far as we have been able to discover nobody objects to an upper berth in politics—yet Mr. H. Edwell or Leslie's.

Most Destructive Earthquake.
The damage done by an earthquake is generally limited to a small area, but the great quake that occurred in Assam, in 1897, was destructive over an area of 150,000 square miles.

Jud Tunkins.
Jud Tunkins says he doesn't see how you are going to get rid of class distinctions when so many people are landlords and so many others are tenants.

Interesting Calculation.
It is estimated that if a single grain of electrons (a pea weighs a grain) could be isolated at the South pole, they would repel each other with a force of 112,000,000 tons.

So Did Lots of Others.
Voting was a new thing to one North side matron, who, when asked whether her husband had voted replied: "Yes, he was away from the city, so he used the absent-minded vote."

But Mankind!
Ants and men are the only things that fight by means of armies. We can expel the ants they have never been told to love one another. Exchange.

Unfortunate Human Trait.
"The knowledge of the human race," said Ernie Egan, "is handicapped by the fact that so many of us would rather hear a passable banjo player than a first-class lecturer."

Our Books.
When all that is worldly turns to dross around us, our books only retain their steady value.—Washington Irving.

What You Have at Home.
Be still and do not forfeit what you have at home by turning to seek abroad what you will not find.—Fenelon.

C. LEGENHAUSEN

Christian Legenhausen died at his home in East Railroad street Sunday morning, February 5, following an acute illness of about two weeks duration. Funeral services were held on Tuesday afternoon at St. Paul's Evangelical church, Grove street, the Rev. Wm. Grotefeld, pastor of the church, officiating and burial was made in Blodgett's cemetery. Preceding the church service a short service was held at the home. Mrs. Earl Whidden sang two beautiful selections in the church.

EX-SERVICE MAN FOR COUNTY CLERK

(Advertisement) Clarence V. Wagemann, of Wheaton, Illinois, left his home and widowed mother and enlisted in the U. S. Army shortly after our country declared war on Germany. He fought on every sector in France, until he had his leg shot off in the battle of the Argonne. The least that we can do is to give him our votes in the Republican Primaries on April 11, 1922. 1-27-4

High Cost of Dirt. Tests made in England of men and women in factories, working behind dirty windows and the same employees working behind clean windows, reveal an average of from 5 to 15 per cent more efficiency in the latter than in the former. This is because the dirty windows cut off a certain amount of sunlight.
