Marquette Service Is an Unusual Service

When you ask for Marquette Cement we can immediately supply you with Marquette in any quantity

We can do this because the Marquette plant is served by five great trunk lines and is located in a manufacturing center where thousands of empty cars are available, and also because Marquette distribution is concentrated in a territory convenient and accessible to the mill.

Its quality is as outstanding as its service.

Order your Marquette from us.

Congressional District

Counties of DuPage, Kane, McHenry and Will

Congressman I. C. Copley

Now serving this district in Congress Fifth Ranking Member of the Ways and Means Committee A candidate for renomination at the Primaries of April 11, 1922

The best platform that any public official can stand upon as a candidate for return to office is his public record while holding that office.

The best campaign that he can make is one of service to his constituents throughout the term for which they have elected him.

During the time that Congressman Copley has been in office he has supported, among others, the following measures:

- The Child Labor Bill.
- The Farm Loan Act.
- The Federal Reserve Act.
- The Federal Aid Road Bill.
- The Women's Bureau Bill.
- The Maternity Bill.
- The Budget System.
- The 16th or Income Tax Amendment.
- The 17th Amendment Providing Direct Election of Senators.
- New Exemptions for Heads of Families in Income Tax.
- The 18th or Prohibition Amendment.
- The 19th or Woman Suffrage Amendment.
- The Parcels Post Act.

As fifth ranking member of the Committee on Ways and Means, the most important of the House, Congressman Copley has had an integral part in the framing of the Soldiers' Adjusted Compensation Bill, the Revenue Bill of 1921, and the Fordney Tariff Bill. Along the lines of these bills his greatest work in Congress has been accomplished. It is along these lines that his greatest service would lie in the future.

Congressman Copley comes before you for renomination in times of reconstruction. The United States has never had a greater need for constructive effort and legislation than at the present time.

The record of your Congressman in the House of Representatives and in private life has proved that he is essentially a builder.

EDWARD CORLETT.
