

### IN AND AROUND THE HIGH SCHOOL

Last Friday the high school was favored with a talk on going to college by Dr. Hessler. He is the head of the chemistry department at Knox college, Galesburg. His talk was very interesting and we hope to have more like it.

The results of last week's joke contest are as follows:

Freshman	15.9
Sophomore	39.3
Junior	16.6
Senior	25.8
Faculty	9.0
Total	23.3

The figures indicate the percentage of sense of humor in the various subjects.

Miss M. "Translate, avez-vous vu mes beaux cheveux?"  
Student: "Have you seen my beau's hat?"

Son: "Father, can you sign your name with your eyes shut?"

Father: "Certainly, my son."

Son: "Well, shut your eyes and sign your name to my report card."

A. F. says, "I have an unlucky name, my marks are always the initial of either my first or last name and the teachers seem to favor my last one."

Son: "I must attend the 'D' club meeting."  
Mother: "But you said you didn't get any D's last month."

The best joke I ever saw. C. S. bending over his Geometry book to prove that two planes have only one intersection.

First Student: "What's the difference between a freshman and a plant?"  
Second Student: "None, they're both green."

1st S., "Yes, but a plant is useful."

Freshman in Latin "Should I translate this English sentence into Latin?"  
Miss T. "O, no, write it in Greek."

Senior, "Where are you going?"  
Frosh, "To the butcher shop to get a yard of pork."  
Senior, "A yard of pork?"  
Frosh, "Sure, three pig's feet."

#### ANNOUNCEMENT

I am a candidate for re-election to the office of Highway Commissioner, the election to be held March 11.  
CHAS. ROE. 2-17-1f.

#### Soapstone.

Soapstone is a rock composed essentially of the hydro-magnesian mineral talc, but never chemically pure, owing to the presence of varying quantities of other minerals, such as mica, chlorite, amphibole, pyroxene, etc. Soapstone is a massive rock, of bluish-grey green color, and soft enough to be readily cut with a knife.

### LOCAL ARTISTS GIVE CONCERT AT M. E. CHURCH

Miss Gwen Griffiths, Soprano, and Miss Adelaide Walter, Piano, Planning Program

A recital will be given the evening of Friday, March 31 in the Methodist Episcopal church by the Misses Gwen Griffiths, Soprano and Adelaide Walter, piano.

The young ladies are now working on the program for the event which is to be given under the auspices of Vesta Chapter, O. E. S. for the benefit of the Masonic Temple building fund.

Miss Griffiths and Miss Walter are talented young ladies who need no introduction to local audiences. Their music is worth hearing and, no doubt, many will avail themselves of the opportunity of hearing them in concert.

#### FOR COUNTY TREASURER

(Advertisement)

I hereby announce my candidacy for the Republican nomination for Treasurer of DuPage County and respectfully ask your support at the April primaries.

FRANK M. SITTLER. 1-27-1f.

### ANNUAL BUSINESS MEETING, INFANT WELFARE, MAR. 16

Large Attendance Desired at Home of Mrs. Wm. Parrish Next Thursday Afternoon

The Downers Grove Junior Infant Welfare Committee will meet with Mrs. Wm. Parrish, 170 Oakwood ave., on next Thursday afternoon, March 16.

This is to be the annual business meeting and a large attendance of members is desired.

This is the group of young ladies who are interested in the Burlington Welfare station in Chicago and its work among the foreign element.

#### A LECTURE ON CHRISTIAN SCIENCE

Mr. William W. Porter, C. S. B. of New York City, will deliver a free lecture on Christian Science, Sunday afternoon, March 19, 1922, at half past three in the Curtiss Theatre. Mr. Porter is a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

The lecture will be given under the auspices of First Church of Christ, Scientist of Downers Grove. You and your friends are cordially invited to attend.

## Don't Be Deceived

A few days of warm, spring-like days thru March are to be expected. Don't let your coal bin get low in anticipation of the warm weather staying with us. We always have raw, wintry days when a fire is a necessity.

If your winter supply of coal is running low, don't try to stretch it too far. Better order another ton today and be sure of a warm, comfortable house when the chill winds blow.

There are no better grades of coal than those we handle. We have a grade and size for every type of heating plant.

If you have a heating problem; ask us to advise you. Our years of experience are at your command.
