#### THE PAVING PROGRAM

The Village Council is to be congratulated on their decision to go ahead with a big paving program for the coming summer. In another part of the paper this week will be found the streets which are to be hard surfaced, presumably with brick. This will give the village the best streets of any community in this vicinity.

We expect the Council will be criticized for paving some on their program and for not paving others, but no matter what they do some unthinking people are ready with some objection or other.

The Council, in their efforts to pull the outlying streets out of the mud, should have the backing of every resident.

#### MRS. LOTTIE HOLMAN O'NEILL

While there are many men, and also a few women — who think that a woman has no business in politics, we are glad that Downers Grove has the honor of the first candidate for the Illinois General Assembly of the "opposite" sex.

Mrs. O'Neill is more capable than most of the candidates who oppose her. At least that is the way we "size 'em up" and they all drift into this office sooner or later.

Her worst opposition will come from the old-fashioned men, and the women too, who believe that a woman has no business with anything outside her own kitchen. They were not for woman suffrage and never will be.

In spite of these facts, we believe there are enough progressive voters in the district to elect her.

DuPage county's chance to have direct representation at Springfield is to "plump" three votes for Mrs. O'Neill.

### COMMUNITY GO-TO-CHURCH CAMPAIGN

Slogan: Every family of the community attending church services regularly during Lent.

#### He First Loved Us.

John 13: 1-17.  
Now before the feast of the pass-over, when Jesus knew that his hour was come that he should depart out of this world unto the Father, having loved his own which were in the world, he loved them unto the end. And supper being ended, the devil having now put into the heart of Judas Iscariot, Simon's son, to betray him, Jesus knowing that the Father had given all things into his hands, and that he was come from God, and went to God; he riseth from supper, and laid aside his garments; and took a towel, and girded himself. After that he poureth water into a basin, and began to wash the disciples' feet, and to wipe them with the towel wherewith he was girded. Then cometh he to Simon Peter; and Peter saith unto him, Lord, dost thou wash my feet? Jesus answered and said unto him, what I do thou knowest not now; but thou shalt know hereafter. Peter saith unto him, Thou shalt never wash my feet. Jesus answered him, If I wash thee not, thou hast no part with me. Simon Peter saith unto him, Lord, not my feet only, but also my hands and my head. Jesus saith unto him, He that is washed needeth not save to wash his feet, but is clean every whit; and ye are clean, but not all. For ye knew who should betray him; therefore said he, Ye are not all clean. So after he had washed their feet, and had taken his garments, and was set down again, he said unto them, Know ye what I have done to you? Ye call me Master and Lord; and ye say well, for so I am. If I then, your Lord and Master, have washed your feet, ye also ought to wash one another's feet. For I have given you an example, that ye should do as I have done to you. Verily, verily, I say unto you, The servant is not greater than his Lord; neither he that is sent greater than he that sent him. If ye know these things happy are ye, if ye do them.

1. The Church is composed of

those who are "called out" from among the masses, a body of Christian believers who have accepted Jesus Christ as Saviour and Lord, and who are bound together by a Confession of Faith for the Worship of God; for Fellowship with one another, and for Service to the end that the Kingdom of God may be established upon earth.

2. The Church is the Witness and Messenger which Jesus Christ chose to speak for him in all the world to every creature.

3. The Church is engaged in the greatest enterprise in the world. It produces personality dominated by faith in God and the mind that was in Christ Jesus.

4. The Church inspires the noblest ideals of life, the purest standards of conduct, and the most unselfish motives to service.

5. The Church furnishes the impulse, the consecration, and most of the workers who do the world's work in the spirit of Jesus Christ.

6. The Church brings to childhood impressions of God and godliness, implants desires for the beautiful and strong in character, and remakes the community into a place where children may live safely and happily. "No one would want to bring up children in a place where there was no church."

7. The Church ministers to people of ever nationality and condition, entering sympathetically and helpfully into their sorrows and multiplying their joys.

8. The individual Christian can do more for God and men in fellowship with others in the Church than he can in isolation out in the world.

9. To remain out of the membership of the Church while enjoying the benefits of the Church would be an evidence of ingratitude, and would make my influence count against the agency which God has used for the spread of his Kingdom.

10. I need the help of the Church and the Church needs me.

Writs Served at Church Door.

Until the middle of the eighteenth century a familiar figure at a Virginia church door on a Sunday morning was the county sheriff. The law requiring attendance at divine worship was of great assistance to him. It rounded up the planters and small farmers from remote corners and enabled him with a minimum of effort to serve writs, warrants, summonses, executions and similar judicial papers.

The practical method of distribution of such an occasion. So, in 1678, they passed a law prohibiting the service of official papers on Sunday, at the parish church or elsewhere, and the sheriff was sent off on his way of trails the other six days to do as well as he might.

Chinese Wear Stoves.

Chinese women wear practically the same clothes in winter as in summer. In the most severe weather, however, they wear heating baskets under their cloaks.

These baskets are plain wicker ones, such as we use for trash. Inside the baskets charcoal burners are placed. They will radiate heat for hours.

The charcoal is mixed with chemicals that generate oxygen, and thus the charcoal will burn constantly, even though it is sealed in the container.
