The members of the Downers Grove Woman's Bowling League have decided to extend the schedule of the present league three weeks — which brings the concluding game up to April 11.

Up to the present time in this league the highest individual score rolled was by Mrs. R. C. Briggs, who piled up 165 to her credit Tuesday. The scores in the new league have shown a marked increase over those of the first.

The alleys will be open on Friday afternoons as usual to any ladies who wish to bowl.

### NOTES OF DOWNERS GROVE'S SCHOOLS

The usual spring vacation will occur during the first week of April. This is also the end of the 7th school month.

The third quarter's tuition is now due from parents whose children reside outside of our school district. This tuition may be paid at the superintendent's office on any school day.

An additional gong has been placed on the rear of the high school building to help the pupils in their attempt to reduce tardiness.

"The Swans" is the title of one of the finest pictures in our school, recently presented and hung in the South Side 5th grade room by a group of interested parents.

The two ladies replacing Miss Ward and Miss Carstens in the first and second grades at the South Side school are Miss Johnson and Miss Rumbout. These two teachers will remain with us until the close of the school year. They come to us without salary and undertake this work as a part of their normal training course for which they receive school credit.

The 7th and 8th grades are drilling on an operetta—"Jack and the Bean Stalk" which they plan to give about the middle of April.

White shades have replaced the dark ones in the Art Room. This room has a south exposure and the morning light needs dimming to some extent on bright days.

The two 8th grades have begun the study of a text based on civics and patriotism after their completion of U. S. history. This work on government is written in a way to interest young people in their opportunity and duty to participate in the civic life and interests of our own community and state.

The little newspaper—"Reflector" and "Passtime" are proving of interest and value to our 8th grades in their English work. A hectograph has been secured on which duplicate copies sufficient for the whole class may be made.

### "POPULAR MUSIC FAMILAR MUSIC"

These words of Theodore Thomas have been adopted by the Supervisor of Music (in and around Chicago) as a slogan in their music memory contest.

The Music Supervisor of the city of Chicago and a few neighboring towns are giving the boys and girls of the seventh and eighth grades and high school an opportunity to become better acquainted with a list of carefully chosen numbers by great masters.

A thorough knowledge of the numbers of this list affords a good foundation for an education in the appreciation of music.

The contest which is to be held about the middle of April is to be graded as follows: 3 points for the composition; 3 points for the composer; 2 points for the source; 2 points for nationality, counting one off for spelling.

The Victor records for this list may be purchased from Mr. Swearingen. The official list may be secured at the school.

### NEAR EAST RELIEF WORKERS

#### Contribute Direct

If any family is overlooked in the canvass for the Near East Relief, it can make its contribution directly to the ward captain.

The captains are as follows:  
1st Ward—Mrs. H. S. Paine.  
2d Ward—R. E. Bateman.  
3d Ward—Mrs. J. H. Drees.  
4th Ward—Mrs. John Graves.

This work is peculiarly our work. The United States has taken upon itself the responsibility of caring for one hundred thousand orphans in orphanages, and feeding five hundred thousand children and refugees outside the orphanages. We cannot desert the task. The supplies are largely bought in this country and ninety-five per cent of the amount given goes directly to their purchase.
